Mormonism, Medicine, and Bioethics Courtney S. Campbell, 2021 Moral Realities is the first comprehensive treatment of teachings and practices on medical care and ethics espoused by The Church of Jesus Christ of Latter day Saints LDS or Mormon It uses first person experiences to portray LDS perspectives on bioethical topics such as abortion genetic testing and enhancements in vitro fertilization medical assisted death medicinal marijuana neonatal intensive care organ donation preventive health care universal access to care and vaccinations The book provides an appendix of historically significant LDS ecclesiastical teachings and policies on medical health and moral issues making it a definitive educational and reference compilation **The Palgrave Handbook of Global Mormonism** R. Gordon Shepherd, A. Gary Shepherd, Ryan T. Cragun, 2020-11-12 This handbook explores contemporary Mormonism within a global context The authors provide a nuanced picture of a historically American religion in the throes of the same kinds of global change that virtually every conservative faith tradition faces today They explain where and how the Church of Jesus Christ of Latter day Saints has penetrated national and cultural boundaries in Latin America Oceania Europe Asia and Africa as well as in North America beyond the borders of Mormon Utah They also address numerous concerns within a multinational multicultural church What does it mean to be a Latter day Saint in different world regions What is the faith's appeal to converts in these places What are the peculiar problems for members who must manage Mormon identities in conjunction with their different national cultural and ethnic identities How are leaders dealing with such issues as the status of women in a patriarchal church the treatment of LGBTQ members increasing disaffiliation of young people and decreasing growth rates in North and Latin America while sustaining increasing growth in parts of Asia and Africa **Broadman Church Manual** Howard B. McNamara, 2010-10 Child Safety Guidelines for Local Churches deals with the sensitive subject of child sexual abuse and what churches can do to protect children under their care while at the same time minimizing their own liability Prevention and training are critical elements in developing a structure that ensures the safety of children while they are in God's house Sadly many churches are unprepared to combat the possibility of the unthinkable happening to one of their precious little ones By not taking reasonable precautions they not only endanger the welfare of their youngsters but are subject to charges of gross negligence and significant financial judgments against their congregations The author outlines numerous steps that any congregation can take to protect both the children and churches they serve ROGER MCNAMARA is a veteran pastor missionary and church planter with more than forty six years of experience in local church ministry in Latin America and the United States He has started and worked in half a dozen churches over the past four decades and now serves as the Church Planting Training Specialist for Baptist Mid Missions In this capacity he works with churches and church planters throughout the United States and Canada teaching

Behind the Mormon Curtain Steve Cuno,2021-11-16 I MAKE A LOT OF MONEY AS A CALL GIRL wasn't the answer author Steve Cuno expected when he asked a new acquaintance how she planned to capitalize her start up business Wait hold on he thought In Salt Lake City Home to The Church of Jesus Christ of Latter day Saints the Mormon Church where all it takes to become the object of steamy gossip is for a neighbor to see you take a sip of coffee In a religion where nonmarital sex is second in seriousness to murder You've no idea the people I could get in trouble she told him She'd entertained politicians police officers judges defense lawyers prosecutors doctors all of them married almost all of them practicing Mormons Many were highly visible highly regarded leaders in the faith So began Cuno's behind the scenes investigation into Salt Lake City's prostitution industry Over the course of three years he interviewed prostitutes johns police officers social workers and massage parlor owners and uncovered a surprising underside to the Mormon Church's carefully cultivated image of wholesomeness and family values He found that Salt Lake's prostitutes sex workers or providers as they prefer to be known don't live in the illusory experience they create for their clients Many are multilingual and hold college degrees They fix meals drive kids to school help with homework handle household chores socialize with others in the community have love lives of their own and yes go to church sometimes with the very people who sneak out to meet them With wit and sensitivity Behind the Mormon Curtain takes a deep dive into the quintessential American religion and the world's oldest profession as Cuno tells the story of what he discovered how he discovered it and what it reveals not just about Mormons but about us all Purchasing Submission Philip Hamburger,2021-09-07 Government's use of largess to secure consent to conditions all too often serves as an illicit pathway of power This mode of control is part of the contemporary reality of American governance and it therefore needs to be recognized alongside more familiar sorts of power such as rule through law and administrative power Church Administration, 3rd Edition Robert H. Welch,Jody Dean,2025-09-15 In the third edition of Church Administration Robert Welch and Jody Dean provide an in depth and thorough guide to the organization of the church and administration **The Y-B-H Handbook of Church Planting (Yes, But How?)** Roger N. McNamara,Ken Davis,2005-05 This book is a practical step by step guide for church planters and their coaches It covers everything they need to know to start healthy growing churches that are biblically faithful and yet culturally relevant While addressing the who why and where of planting new congregations this comprehensive manual focuses primarily on the how tos The authors use a five stage life cycle conception pre natal development birth infancy adolescent growth and adult reproduction to flesh out the entire process of starting and growing a new church Under each of these stages a host of essential ministry and planning tasks is addressed so the planter can keep his baby church on course and can have the joy of watching the new

church grow to maturity and eventually reproduce itself *Eternity in the Ether* Gavin Feller, 2023-01-10 Mass media and the Church of Jesus Christ of Latter day Saints evolved alongside each other and communications technology became a fundamental part of the Church's institutions and communities Gavin Feller investigates the impact of radio television and the internet on Mormonism and what it tells us about new media's integration into American life The Church wrestled with the promise of new media to help implement its vision of Zion But it also had to contend with threat that media posed to the family and other important facets of the Latter day Saint faith Inevitably media technologies forced the leadership and lay alike to reconsider organizational values and ethical commitments As Feller shows the conflicts they faced illuminate the fundamental forces of control and compromise that enmesh an emerging medium in American social and cultural life Intriguing and original *Eternity in the Ether* blends communications history with a religious perspective to examine the crossroads where mass media met Mormonism in the twentieth century
