Cell Groups And House Churches What History Teaches Us:

Cell Groups and House Churches Peter Bunton, 2001-01-30 **Starting a House Church** Larry Kreider, Floyd McClung, 2007-04-05 There s a new way of doing church and it s taking North America by storm Here a recognized authority on the house church movement and a popular speaker and pastor share their expertise in starting and maintaining a healthy house church Together they look at current and future trends in the house church movement and provide best practice models for planting and leading house churches Also they explore how house churches are not always the same as simple cell groups or small groups especially in the areas of leadership and money Readers will discover all the information they need to begin a house church in their community **Missional House Churches** J. D. Payne, 2008-03-01 Using original interviews with over thirty missional house churches J D Payne examines the influence of the house church movement on local communities throughout the United States **Letters to the House Church Movement** Rad Zdero, 2011-03 Real Letters Real People Real Issues God is raising up the simple organic house church movement And this book gives you for the first time a real life inside look at the controversies struggles victories and personalities emerging from within this revolution This book is a collection of real letters to real people facing real issues These letters challenge persuade and encourage They address theological issues and practical problems They were sent to friends acquaintances strangers radicals and critics This book will not just satisfy your curiosity about today s house church movement but it will propel you to complete the task to which Jesus Christ has called you Rad is one of those that has taken the time to give us all a sort of house church FAQ that unzips and unpacks the current revolution and makes it more tangible than ever Wolfgang Simson Author of Houses that Change the World Rad Zdero has labored to usher in a new old paradigm in church life a courageous candid and vulnerable publication of the letters that have chronicled his journey an important work David Garrison Ph D Author of Church Planting Movements I am thrilled that Rad Zdero has released this series of insightful letters into book form a timely biblical poignant yet gracious response to real life concerns Highly recommended Andrew Jones Blogger and founder Boaz Project RAD ZDERO has a Ph D degree in Mechanical Engineering He has been involved in the house church and small group movement since 1985 Rad is the author of The Global House Church Movement He is also the editor of Nexus The World House Church Movement Reader and The Starfish Files house church magazine Rad lives just outside Toronto Canada *The Global House Church Movement* Rad Zdero, 2004-06-01 A major church shift is happening all around the world God is once again bringing back the power and simplicity of New Testament style Christianity The Lord is raising up the global house church movement Do you want to reach your friends and your nation with an approach to church life and church planting that is biblical and effective If so read this book **Planting Churches That Reproduce** Joel Comiskey, 2008-12 Small group resources tend to overlook the spiritual side of small group leadership And yet most would agree that spiritual preparation is the most important aspect of leading a small group Only Gods supernatural power can draw people to the truth and liberate them to

be all that God wants them to be The key distinction of this book is the spiritual perspective it gives to small group ministry So much of the literature about small groups that is already published relates to small group technique and only touches briefly on the Spirit's power This book is a practical reference guide to help small group leadership begin to move in the supernatural realm The book's first priority is to help small group leaders and members trust the Holy Spirit to lead them empower them and work in their group Small group facilitators often sense a lack of guidance power and spiritual authority Jesus knew His disciples would be powerless without a touch from the Holy Spirit and so He told them to wait in Jerusalem saying You will receive power when the Holy Spirit comes on you and you will be my witnesses in Jerusalem and in all Judea and Samaria and to the ends of the earth Acts 1:8 Small group leaders need a power boost to make small group ministry relevant and exciting The second priority of this book is to help the facilitator identify and mobilize each small group member to use his or her own spiritual gifts

What Every Small-Group Leader Should Know Larry Kreider, 2010-08-11 With over 30 years of experience in leading small groups pioneer Larry Kreider writes I am completely convinced that if God can use me He can use anyone Most people have untapped leadership potential and unleashing those abilities is often just a matter of equipment and motivation What Every Small Group Leader Should Know is the go to guide for plenty of both Whether readers have already taken a step of faith into a leadership position or are still praying about the possibility this will become an indispensable handbook of practical tips tools and suggestions At the heart of What Every Small Group Leader Should Know is a big picture vision of biblical service Jesus said that whoever wants to be great in His kingdom must become a servant see Mark 10:43 It is that passion for meeting others' needs that is the difference between humble small group leaders and effective thriving leaders

House Churches in Post-Communist Europe Randy Hacker, 2023-02-10 This is an exploration of house churches especially in Poland The book begins with a review of literature about the global house church movement and continues with an article on the early Christian transition from house churches to purpose built buildings for churches Next is an article regarding the concept of sacred space in relation to house churches The first half concludes with a chapter on methodology of research for a qualitative interview approach to studying house churches The thesis then presents a theological method for using the qualitative interviews to develop ecclesiology Sixteen interviews from thirteen house churches are presented The thesis continues the theological method by attempting to answer the question why is it going on and presents a thematic analysis from the qualitative interviews that includes input from sociological research done in Poland The thesis concludes by using scriptural and academic sources in conversation with house church interviews from the interviews and global house church literature to present four primary conclusions in a practical prophetic ecclesiology
