Why Don't the Poor Rise Up? Ajamu Nangwaya, Michael Truscello, 2017-07-17 Each of these essays is a sharpened weapon for the battles looming large on the horizon George Ciccariello Maher author of Building the Commune Combining the most creative thought from the global

North and South Why Don't the Poor Rise Up promises to be an indispensable resource for understanding why the new revolutionary movement of the 21st century will emerge from the ranks of the most marginalized by capitalism and colonialism. Ajamu Baraka, editor of Black Agenda Report, even mainstream media like the New York Times and The Economist have recently posed the question Why don't the poor rise up? uneasily amazed that capitalism hasn't met with greater resistance. In the context of unparalleled global wealth disparity, ecological catastrophe and myriad forms of structural oppression, this vibrant collection offers a reassessment of contemporary obstacles to mass mobilization as well as examples from around the world of poor people overcoming those obstacles in inspiring and instructive new ways. With contributions from Idle No More cofounder Alex Wilson, noted Italian theorist Franco Bifo Berardi and nineteen other scholars and activists from around the world, Why Don't the Poor Rise Up presents a truly global range of perspectives that explore the question of revolution, its objective and subjective prerequisites and its increasing likelihood in our time.

Ajamu Nangwaya, Ph.D., is an educator at Seneca College with over twenty-five years of experience in community organizing and advocacy. Michael Truscello, Ph.D., is an educator at Mount Royal University and author of the forthcoming book *The Infrastructure Society: Creating Inclusive Knowledges*. Christopher C. Sonn, Alison M. Baker, 2019-07-23

There has been a growing interest in the role of arts and cultural practice in tackling perennial forms of social exclusion, marginalization and oppression. Researchers and educators from different disciplines have been collaborating with community-based agencies and community groups to forge new ways to challenge these forms of exclusion. This volume discusses how various social actors work in interdisciplinary and cross-institutional ways to push an agenda that privileges those individuals and groups who experience and live at the front line of social inequality, discrimination, racism and oppression. For instance, what new understandings are generated through creative interdisciplinary action-oriented work and the implications for social action and transformation? How are community pedagogies constructed and communicated through arts-based research, contemporary and innovative mediums such as creative performances, arts technologies, mixed cultural practices and social media and networking? This collection of articles blurs the lines between cultural practice and knowledge production with the process and products coming in the forms of theories, creative methodologies and a range of arts. Together, these act as powerful pedagogical tools for engaging in social justice and transformative work. The contributions further highlight the multifaceted and diverse ways of creating and disseminating knowledge and the attempts to decenter text-based ways of communicating in hopes of sharing collaborative knowledge beyond the academy and engaging the public. This volume was originally published as a special issue of the *International Journal of Inclusive Education*.

Bob Marley Adrian Boot, Chris Salewicz, 1995 The legend of Bob Marley continues to grow. Since his death in 1981, he has gained an icon-like stature, especially in the Third World, where his status is that of a redeemer-come-rebel hero. A deeply personal, private man, Bob Marley was born in 1945 with a poet's understanding of life, an asset in a land like Jamaica where a kind of magic realism

holds sway Even before he was five years old Marley s abilities as a reader of palms was revealed By the time he died at the age of 36 the apocalyptic predictions contained in his song lyrics were beginning to come true This book has been written with the cooperation of Marley s family and friends Placing the musician s life in its context of the extraordinary island of Jamaica it considers exactly who Bob Marley was this man who rose from humble beginnings to become one of the most influential figures of the twentieth century Equally at home with the ghetto gunmen or the rulers of nations he was aware that his ability and confidence came from only one source God Almighty Jah Rastafari This book is illustrated throughout with over 500 pictures many of which have never been seen before They range from unique intimate portrai
