Comprendre L Acte Terroriste Comprendre L Acte Terroriste:

Comprendre l'acte terroriste Louis Brunet, Dianne Casoni, 2003 Le 11 septembre 2001 est désormais une date tristement connue pour l'humanité les actes terroristes perpétrés aux États-Unis contre les symboles capitalistes de liberté de penser et d'agir ont fourni l'occasion à plusieurs gouvernements démocratiques de justifier nombre de leurs actions politiques répressives et parfois même abusives Parce que la majorité des citoyens jouissant de droits civiques ne peuvent comprendre et encore moins admettre le terrorisme des sociologues politicologues psychologues criminologues philosophes et historiens présentent ici différents aspects de l'action terroriste ils tentent d'expliquer les impacts les réponses et les dilemmes moraux soulevés par les actes terroristes sous des angles politiques psychanalytiques et criminologiques Le lecteur trouvera donc dans cet ouvrage diverses perspectives qui lui permettront de mieux comprendre ce phénomène complexe qui est le terrorisme

Radicalization in Theory and Practice

Thierry Balzacq,Elyamine Settoul,2022-12-06 Radicalization is a major challenge of contemporary global security It conjures up images of violent ideologies homegrown terrorists and jihad in both the academic sphere and among security and defense experts While the first instances of religious radicalization were initially limited to second generation Muslim immigrants significant changes are currently impacting this phenomenon Technology is said to amplify the dissemination of radicalism though there remains uncertainty as to the exact weight of technology on radical behaviors Moreover far from being restricted to young men of Muslim heritage suffering from a feeling of social relegation radicalism concerns a significant number of converted Muslims women and more heterogeneous profiles social academic and geographic as well as individuals that give the appearance of being fully integrated in the host society These new and striking dynamics require innovative conceptual lenses *Radicalization in Theory and Practice* identifies the mechanisms that explicitly link radical religious beliefs and radical actions It describes its nature singles out the mechanisms that enable radicalism to produce its effects and develops a conceptual architecture to help scholars and policy makers to address and evaluate radicalism or what often passes as such A variety of empirical chapters fed by first hand data probe the relevance of theoretical perspectives that shape radicalization studies By giving a prominent role to first hand empirical investigations the authors create a new framework of analysis from the ground up This book enhances the quality of theorizing in this area consolidates the quality of methodological enquiries and articulates security studies insights with broader theoretical debates in different fields including sociology social psychology economics and religious studies *Youth and violent extremism on social media* Alava, S raphin,Frau-Meigs, Divina,Hassan, Ghayda,2017-12-04 *Psychoanalysis, Law, and Society* Plinio Montagna,Adrienne Harris,2019-05-13 *Psychoanalysis Law and Society* explores the connections between psychoanalysis and law arguing that these are required not only for conceptual or theoretical needs in both fields but also for the vast range of practical implications and possibilities their association enables The book is divided into four parts each addressing a unique example

of the interaction of legal and psychoanalytic work It begins with matters that are as global as they are local the challenge of caring for and aiding migrants refugees families and individuals the question of planetary survival of the mistreatment and violence in military and secular conflicts and the projects and processes of international governance The middle two parts focus on the very wide ranging problems of social violence as these target women and people of diversity Then on the penetration of law into the most intimate aspects of family life adoption divorce child custody and complex parental arrangements In the last part the contributions use this double vision legal and psychoanalytic perspective to explore basic processes in social and legal life Psychoanalysis Law and Society will be of great interest to psychoanalysts psychoanalytic psychotherapists as well as legal scholars

Arabs in Treatment: Yana Korobko, 2016-08-19 When I was only starting the therapeutic work with the Middle Eastern patients I was looking for some kind of guidance to enable my genuine understanding of the Muslim patient cases However the material was scarce haphazardly scattered and mostly referring to the traditional therapies That was not helpful and was even more confusing With time I managed to amass my own systemized data based on regular observations practical cases reflections and exchanges with the colleagues This material helped me to approach each case individually while respecting the cultural environment of a patient Eventually the book was published This is the kind of book that I have always wanted to find and I had to write it eventually by myself The work contains the systematized knowledge on the evolution of scientific psychology in the Islamic world which starts with the prophetic times and continues until now The book reveals the signifiers which form a structure of a Muslim psyche It also exposes the recurrent mental health complaints of the Arab patients and investigates their unconscious roots The book is intended first of all for professionals who are directly related to the Muslim mental health care system Secondly it is for anyone who is considering undergoing a personal analysis And certainly the edition is for everyone interested in the subject This book does not intend to bring the answers It rather continues the dialogue regarding the necessity of creating the psychological counseling culture in the Muslim world
