Software codes of mantra, tantra, witchcraft, black magic, evil eye, evil tongue &c. VED from VICTORIA INSTITUTIONS, This book can be downloaded as a PDF file from here Prologue This is not a guide book for studying any occult art Instead it is a writing that proposes to take up the possibility of there being a real machinery behind the working of so called mantra tantra evil eye black magic voodoo etc This book does not teach any of the above mentioned arts Yet it does try to find a pathway or opening by which we can find or enter the supernatural arena from where the supernatural software codes of reality and life is designed and maintained It is a writing that tries to discuss a probability that is not connected to material sciences Instead it proposes to examine the possibility of there being a supernatural software application location wherein reality might be seen in the code view as well as the design view These two views are apart from the real view which is the physical reality The ultimate aim of this book is to propose a pathway via which we can approach the supernatural software location where all of reality life living organisms brain software English versus the feudal languages around 1989 The final version of the book was completed around 2000 In the concluding part of that book I did hint about the possibility of there being something akin to a software background to reality And that languages are software applications with varied capacities In around the year 2005 I wrote a series of posts in a GB website on the same subject It was basically a lot of unconnected themes all pointing to the same theme This I later published as a digital book under the name Software codes of reality life and languages Then my next major book on the subject came out with the name Codes of reality What is language Here again the same theme of connecting the idea of there being a software realm behind reality and that languages have software codes which can directly connect to the software of reality was elaborated The focus was on languages being sort of software applications through which physical reality could be influenced Still the theme was going forward only in very brief paces A few years ago I had to write a series of posts for supporting the contentions of Homoeopathy by basing the ideas from my understandings That Homoeopathy does work on the principle of a software program rectifying the software of life and human body The book title was The machinery of Hom opathy Recently I happened to read Edgar Thurston s Omens and

Superstitions of Southern India It was at that time that I pondered upon reworking out the arguments from the perspective of mantra tantra black magic witchcraft etc The first thing I did was to create a very readable form of that book As I went on doing that work I could get to read the book also This present book is being promoted as a Commentary on Omens and Superstitions of Southern India However only the last part of this book really is a sort of commentary Even in that part it is not exactly a commentary I merely quoted some sentences from his book and elaborated upon them as per what I wanted to convey Edgar Thurston s Omens and Superstitions of Southern India is definitely a great book My writings do not aim to go against that book This book of mine does contain a lot of mentions about Thurston s book This book commences by mentioning OMENS AND SUPERSTITIONS OF SOUTHERN INDIA However it moves beyond to a wider ambit It returns to Thurston s book at the end as a commentary However a mention of Thurston s book can be felt all along I have used a few images from other old public domain books These images are mainly taken from my own collection from such books Due to some issues I do not have the exact record as to where I got some of the images I believe that such images have been taken from Edgar Thurston s Castes and Tribes of Southern India Before commencing the reading of the book the reader is further informed that in various locations the text would seem to be dealing with cultural aspects However without clearly mentioning these things it would difficult to go directly into the effects of supernatural software codes DEVERKOVIL September 10th 2016 *Atlantis Rising Magazine Issue 24 - THE PULSAR MYSTERY PDF Download* atlantisrising.com, In this 88 page download LETTERS EARLY RAYS HILLY ROSE THE DAILY GRAIL The Internet s best alternative science site now in print DEEPAK CHOPRA AND GOD Transcendent new direction for the iconoclastic Doctor WILLIAM FLINDERS PETRIE ON TRIAL Christopher Dunn defends the great Egyptologist PLATO THE TRUTH Frank Joseph checks the credibility of the best known source on Atlantis WHEN THE WEATHER GETS WEIRD Do fish and frogs really fall from the sky THE ANCIENT ELECTRICIANS David Childress looks for evidence of ancient High Tech THE HYDROGEN SOLUTION Jeane Manning on astounding new developments TRACKING ELECTROGRAVITICS Thomas Valone on the science of anti gravity THE PULSAR MYSTERY An amazing new study points to an ET connection THE DREAMS OF GENIUS Are the secrets of life unfolded to sleepers HOUDINI S LAST ESCAPE Did he break the bonds of death ASTROLOGY BOOKS RECORDINGS

Lumbrilo who sees his chance to get rid of his enemies once and for all Voodoo Planet is the third book in the Solar Queen Series but you may enjoy reading the series in any order **New Orleans Voodoo** Rosary O'Neill, Rory O'Neill Schmitt, 2019-09-02 The history, altars, art and ceremonies that anchor Voodoo in Crescent City culture are revealed in this authoritative study. The diverse spiritual roots of New Orleans run deep and they all converge in the practice known as Voodoo. The city's Roman Catholic influence and its French, Spanish, Creole and American Indian traditions blended with the rites and rituals that West Africans brought to Louisiana as enslaved laborers. The resulting Voodoo tradition became a unique and integral part of New Orleans culture and heritage. While 19th century enslaved practitioners held Voodoo dances in designated public areas like Congo Square, they also conducted secret rituals away from the prying eyes of the city. By 1874, some twelve thousand New Orleanians attended Voodoo queen Marie Laveau's St. John's Eve rites on the shores of Lake Pontchartrain. This cultural history traces the Voodoo tradition from its earliest beginnings to its continued practice in the Crescent City today **MARCH of the EVIL EMPIRES** VED from VICTORIA INSTITUTIONS, 2004-05-04 First drafted in 1989. A QUOTE from the book about what would happen to the US when feudal language speakers swarm into this once good quality English nation. This was written around 1990, a stage may come at least in certain areas where the innate resilience of the English structure may be severely tested and cause much distress to the individual persons and can in a matter of time cause domino effect on many other areas, causing strange happenings of technological failure, inefficiency, conflict, hatred, events that may be described with shallow understanding as racially motivated, decent and peaceful persons acting with unnatural violence etc. Rude officialdom, arrogant and trigger happy police, increasing corruption, insolent attitude to persons who are judged to be doing lower jobs, time consuming judiciary rules and regulations which are laughable in meaning but having a sting from which many get hurt and a general feeling of hopelessness for the solitary individual as against the might of the society are all general characters of the effect of feudal languages. What has to be borne in mind is that feudal languages do have elements in them which aim at subjugation and where they fail to do so they may at least cause deep mental hurt. And that too in an extremely soft and inconspicuous manner that it may not be discernible to another person other than the person who felt it. Though persons who do not know these languages may not actually understand the full significance of each and every word, they may be able to sense the negativity from the body language of the person who says the words and of the others of the same language who may actually understand it. Beyond all this, there may be a factor of mental waves or energy which may radiate along with the words which may have a deeper effect than is currently understood. It could all lead to a lot of side effects possibly due to a sort of domino effect and the effect need not be at the place the disturbance took place. Examples could be unexplainable road rages, air rages, shooting of colleagues and so many actions with criminal overtones by seemingly decent persons.
