Compliance Management China Praxishandbuch Manager:

Understanding China's Real Estate Markets Bing Wang, Tobias Just, 2021-06-07 China's economy has been transforming rapidly over the last 25 years. As a result, Chinese conurbations have changed remarkably with cities expanding both vertically and horizontally and the physical environment acting as a medium for unprecedented urbanization. This has provided vast opportunities for investors, real estate developers and service companies but also presents huge challenges as traditional city spaces have been reconfigured, environmental risks and the volatility of real estate markets increased. However, as engagement with China is becoming strategically important for many, forming a synthesized lens through which to read China across the vicissitudes of its real estate sector bears historic significance. By offering an insightful framework and structure for understanding China's variegated real estate dynamics, players and markets, *Understanding China's Real Estate Markets* codifies the principles and practices of real estate development, finance and investment in China and builds foundations for future academic research and practical knowledge in shaping and engaging the urban environment within China and beyond.

book moves us beyond a static and single perspective approach to compliance where firms are seen as obeying or breaking a specific rule at a specific point in time. Instead, it offers a dynamic view of compliance as it manifests in daily business where firms must comply with a host of legal rules and must do so over a long period of time. This timely book is especially valuable to three main groups: compliance practitioners and regulatory enforcement agents who are increasingly forced to consider how compliance management and enforcement practices actually affect compliance; regulatory governance scholars in public administration, law, sociology, and management science for whom compliance is a central aspect; and to scholars of Chinese law who realize that compliance is a central challenge that the Chinese legal system must overcome.

Handbook of Compliance & Integrity Management Prof. S.C. Bleker-van Eyk, R.A.M. Houben, 2017-08-25. This handbook is the first resource to provide a scientific analysis of the nature of compliance. It examines the subject from such crucial and varied perspectives as ethics, behavioral science, risk management, accounting, and European and international law. Much more than a critical approach to the existing practice of supervision, it provides a wealth of information, guidance, and valuable insights for the day-to-day work of compliance officers. With chapters contributed by lecturers of VU University Amsterdam's flourishing post-doctoral Executive Master Program in Compliance and Integrity Management, which fosters alternatives such as greater trust in self-regulation and market discipline, the book explores such aspects of compliance and integrity management as the following: monitoring risk, compliance and integrity stakeholder and reputation management, conflicts of interest, anti-bribery, export controls, extraterritorial jurisdiction of U.S. legislation, fraud, duty of care, market abuse, privacy, and competition. The analysis throughout is supported by a comprehensive study of the literature concerning the raison d'être of supervision and regulation. Meeting the need for an in-depth analysis of the expanding field of compliance and integrity management, this book is a milestone in a field that is rapidly growing in importance across a wide spectrum of business and professional activity. It will prove an essential practical resource for company or institutional officers worldwide in setting up a compliance function in their organization. Well-known as a consultant in compliance-related matters, Sylvie C. Bleker van Eyk is currently Senior Director at PricewaterhouseCoopers Forensic Services, Chair of the Supervisory Committee on Monitoring Anti-Money Laundering Policy at WODC, the Research and Documentation Centre of the Netherlands Ministry of Security and Justice, and Professor and Program Director of Postgraduate Education in Compliance and Integrity Management at VU University Amsterdam.
