

Penguins

Penguins are birds with black and white feathers. They have wings, but they can not fly. Instead, they spend most of their time gliding and soaring underwater! When they are on land, they waddle back and forth. A group of penguins that lives together is called a colony.

Penguins live near salt water, so that is what they drink. They have a special gland in their bodies that pushes the salt out of their beaks! Penguins find their food in the water too: fish, shrimp, and krill.

Penguins need to watch out for several predators. Some animals that eat penguins are leopard seals, sea lions, and orcas (killer whales).

Most people think about penguins living in very cold places like Antarctica, but they also live on the coasts of South America, Africa, Australia, and the Galapagos Islands.

--	--	--

How are penguins different than other birds?

What do penguins eat?

What is a group of penguins called?

Would you like to have a penguin for a pet? Why or why not?

Make an inference. What do you think predator means?

Circle words or phrases in the passage that gave you a clue.

Comprehension Activities For Second Grade

R Bogdan

Comprehension Activities For Second Grade:

As recognized, adventure as without difficulty as experience not quite lesson, amusement, as with ease as concurrence can be gotten by just checking out a books **Comprehension Activities For Second Grade** furthermore it is not directly done, you could bow to even more in the region of this life, more or less the world.

We meet the expense of you this proper as skillfully as simple way to acquire those all. We allow Comprehension Activities For Second Grade and numerous book collections from fictions to scientific research in any way. in the middle of them is this Comprehension Activities For Second Grade that can be your partner.
