Weeramantry, 2004-11-01 This book offers a cutting edge scholarly discussion of judicial and legal methods to reconcile

national and international economic social and environmental law for sustainable development A diverse anthology of perspectives from developed and developing countries the book contains contributions from judges international lawyers and other experts with a wealth of experience in the emerging field of sustainable development law It presents negotiators scholars and jurists with a lively thought provoking and highly current discussion of international legal debates related to sustainable development The final part discusses future developments in sustainable development law based on the results of three recent international processes Sustainable Justice weaves a diverse and intriguing collection reflecting a vigorous yet practical international legal debate of crucial importance to our common future

Law Reform in Developing and Transitional States Timothy Lindsey, 2007 Law reform in developing countries has become an increasingly topical subject in recent years A critical issue is why so many law reform projects in developing economies are regarded by their sponsors and recipients as unsuccessful This informative book examines examples of law reform projects in post socialist and post authoritarian states in Asia identifies common problems proposes analytical frameworks for understanding the problems identified Though parallels between Asian models and those in developing states elsewhere in the world are strong the book has been developed to avoid suggestion that the issues covered are somehow peculiarly Asian indeed it is shown that cultural relativist approaches to Asia are unsustainable This is an invaluable reference for those involved in the areas of development economics Asian studies and comparative politics

Latin American Lawyers Rogelio Pérez-Perdomo, 2006-01-06 This book is the first comprehensive history of the intellectual training and social placement of lawyers in Latin America P rez Perdomo examines the Roman legal roots of the Latin American tradition and traces the development of legal education and practice in Latin America from the 16th century to the present The main themes in the book are the relationship between lawyers and power the place of lawyers in social stratification the role of law and lawyers in building nations and maintaining elite power the role of law schools and the main intellectual trends in legal thought

Violence against Women and Girls Jennifer L. Solotaroff, Rohini Prabha Pande, 2014-09-04 This report documents the dynamics of violence against women in South Asia across the life cycle from early childhood to old age It explores the different types of violence that women may face throughout their lives as well as the associated perpetrators male and female risk and protective factors for both victims and perpetrators and interventions to address violence across all life cycle stages The report also analyzes the societal factors that drive the primarily male but also female perpetrators to commit violence against women in the region For each stage and type of violence the report critically reviews existing research from Afghanistan Bangladesh Bhutan India Maldives Nepal Pakistan and Sri Lanka supplemented by original analysis and select literature from outside the region Policies and programs that address violence against women and girls are analyzed in order to highlight key actors and promising interventions Finally the report identifies critical gaps in research program evaluations and interventions in order to provide strategic recommendations for policy makers civil society and other stakeholders working to mitigate violence against

women in South Asia Reorganization and Resistance William Felstiner, 2005-12-19 Reorganization and Resistance analyses the ways in which the legal professions of nine countries England France the Netherlands Germany Canada the US Mexico Australia and Korea and one continent South America have confronted the internal and external political economic and social upheavals of the past twenty years It documents how change and resistance are inextricably tied together in an oppositional tension where the greater weight shifts gradually from one to the other even shifts backwards at times but in the long view runs in the direction of change The most obvious instance almost everywhere is the struggle of women in legal professions where improvement is undeniable even as resistance is varied and stiff The book charts the way demographic shifts have changed the work of lawyers the way that the revenue from law practice has been re distributed and the extent to which barriers based on race class religion and gender have shrunk or shifted It describes how some professions have been forced by government or co regulation with government to reorganize It also documents how others have not kept pace with transformations in the economy and changes and challenges to legal education take center stage while demographic shifts and institutional reorganization are of much less importance *Courts and Social Transformation in New Democracies* Roberto Gargarella, Theunis Roux, 2017-03-02 Using case studies drawn from Latin America Africa India and Eastern Europe this volume examines the role of courts as a channel for social transformation for excluded sectors of society in contemporary democracies With a focus on social rights litigation in post authoritarian regimes or in the context of fragile state control the authors assess the role of judicial processes in altering or perpetuating social and economic inequalities and power relations in society Drawing on interdisciplinary expertise in the fields of law political theory and political science the chapters address theoretical debates and present empirical case studies to examine recent trends in social rights litigation
