Culture Clash 2 Thomas D. Zweifel, 2013-07 Few are prepared for managing across cultures and the costs of cultural blind spots can spin out of control from lawsuits to lost opportunities Forged in the fire of clashing cultures and living on four continents Dr Zweifel developed a fool proof methodology for managing successfully across borders And post 9 11 the Arab Spring and the BRICS emerging markets e commerce and social networks have made this updated and expanded edition of Culture Clash indispensable Culture Clash 2 is not another Kiss Bow or Shake Hands Such protocol laden works on whether to bring wine to a dinner in Singapore or how many times to kiss in France might have their uses but non compliance with local etiquette has rarely been a deal breaker What has derailed international business is the inability of managers to see the world from their counterpart's point of view read between the lines and decode the mind set of the other side

Value-creation in Middle Market Private Equity John A. Lanier, 2016-02-17 Value creation in Middle Market Private Equity by John A Lanier holistically examines the ecosystem relationships between middle market private equity firms and their portfolio companies Small business is the job creating engine in the US economy and consequently is a prime target market for private equity investment Indeed private equity backs over six of each 100 private sector jobs Both the small businesses in which private equity firms invest and the private equity firms making the investments face inter and intra company fiduciary leadership challenges while implementing formulated strategy The architecture of each private equity firm portfolio company relationship must be uniquely crafted to capitalize on the projected return on investment that is memorialized in the investment thesis Given the leveraged capital structure of portfolio companies the cost of a misstep is problematic Individual private equity professionals are typically members of multiple investment teams for the firm Not only may each investment team have its own unique leadership style but its diverse members have to assimilate styles for each team in which they participate relative to a specific portfolio company Acquisitions and their subsequent integrations add exponential complexity for both private equity investment and portfolio company leadership teams indeed cultural integration ranks among the most chronic acquisition obstacles Accordingly the stakeholders of private equity transactions do well to embrace leadership best practices in applying value creation toolbox best practices The perspectives of both the private equity investment team and the portfolio company leadership team are within the scope of these chapters
