Miller, 2011-03-01 A gentle new way for church leader s to survive stress and burnout Bruce Miller debunks the idea of balance basically trying to have it all all the time Most churches and their pastors try to do everything at once and feel guilty

if any one aspect worship ministries outreach etc is neglected He replaces the exhausting concept of balance with the idea of rhythm churches like people need to give attention to different programs and ministries at different times basically by attending to their seasons and cycles Offers an innovative new model for church leaders Miller has been influential in the formation and promotion of Church Based Training as in international movement Offers a proven method for avoiding burnout for church leaders and members by doing the right things at the right time The author offers much need help to overwhelmed leaders and shows them how to apply Miller s seasonal cyclical approach to church life **Leading Missional**

Change Paul J. Dunbar,Tony Blair,2013-04-02 It seems that nearly everyone is talking about missional change for congregations As a result many church leaders are attempting to drive that kind of change for the ministries they lead Some succeed But many others hit a wall of considerable frustration as they find that congregations resist the very change that is so needed The reasons for this resistance are many and they are explored in this volume What is required to move a church from resistance to readiness Some resistance is deeply rooted in spiritual patterns But there are other reasons as well and they center on trust personal trust in the leaders who offer missional change For this work the authors have done extensive primary and secondary research to identify patterns and behaviors that invite missional leadership More than that they ve lived this out in their own ministries as pastors of traditional congregations This book thus offers compelling first person stories and congregational case studies alongside more generalized findings Leading Missional Change was written to support pastors and other church leaders who experience resistance to share wisdom and experience that may lead to readiness and to give hope and encouragement toward a re energizing of your own congregation **Better Together** Jim

Tomberlin,Warren Bird,2020-08-04 Thousands of Protestant churches are perplexed by plateaued or declining attendance while other congregations nearby thrive Is there a way for them to combine forces drawing on both their strengths in ways that also increase their missional impact In Better Together Expanded and Updated Making Church Mergers Work church merger consultant Jim Tomberlin and award winning writer Warren Bird make the case that mergers today work best not with two struggling churches but with a vital momentum filled lead church partnering with a joining church This much needed resource describes the range of mergers for strong stable stuck and struggling churches No matter what type of merger a church may be considering the authors address key questions about the process How can a merger help a church go forward How will a merger process unfold Where can a declining church find another congregation to join What are the pitfalls that both pastor and congregation should avoid How can better together lead to more rather than fewer life giving high impact reproducing churches They provide a complete practical hands on guide for church leaders of both struggling and vibrant churches so they can understand the issues develop strategies and execute mergers for church expansion and renewal ultimately so they can reinvigorate declining churches and give them a second life No matter what your motivation for merging your church with another to begin a new church life cycle cross racial lines reach more people for Christ

multiply your church's impact or better serve your local community Better Together will give you the tools you need to create a thriving new entity
