Circular Study Anna Katharine Green:

The Circular Study Anna Katharine Green, 2013-11-01 I am not an inquisitive woman but when in the middle of a certain warm night in September I heard a carriage draw up at the adjoining house and stop I could not resist the temptation of leaving my bed and taking a peep through the curtains of my window First because the house was empty or supposed to be so the family still being as I had every reason to believe in Europe and secondly because not being inquisitive I often miss in my lonely and single life much that it would be both interesting and profitable for me to know Luckily I made no such mistake this evening I rose and looked out and though I was far from realizing it at the time took by so doing my first step in a course of inquiry which has ended But it is too soon to speak of the end Rather let me tell you what I saw when I parted the curtains of my window in Gramercy Park on the night of September 17 1895 Not much at first glance only a common hack drawn up at the neighboring curb stone The lamp which is supposed to light our part of the block is some rods away on the opposite side of the street so that I obtained but a shadowy glimpse of a young man and woman standing below me on the pavement I could see however that the woman and not the man was putting money into the driver's hand The next moment they were on the stoop of this long closed house and the coach rolled off *The Circular Study (Large Print)* Anna Katharine

Green, 2015-05-05 Mr Gryce was melancholy He had attained that period in life when the spirits flag and enthusiasm needs a constant spur and of late there had been a lack of special excitement and he felt dull and superannuated He was even contemplating resigning his position on the force and retiring to the little farm he had bought for himself in Westchester and this in itself did not tend to cheerfulness for he was one to whom action was a necessity and the exercise of his mental faculties more inspiring than any possible advantage which might accrue to him from their use But he was not destined to carry out this impulse yet For just at the height of his secret dissatisfaction there came a telephone message to Headquarters which roused the old man to something like his former vigor and gave to the close of this gray fall day an interest he had not expected to feel again in this or any other kind of day It was sent from Carter's well known drug store and was to the effect that a lady had just sent a boy in from the street to say that a strange crime had been committed in a mansion round the corner **The Circular Study Anna Katharine Green (Illustrated)** Anna Katharine Green, 2021-10-22 An early innovator

in the detective fiction genre author Anna Katherine Green gained acclaim for her careful attention to detail and accuracy

The Circular Study Anna Katharine Green, 1900 **The Circular Study (Annotated)** Anna Katharine Green, 2016-09-05 In this well plotted character driven mystery Detective Gryce receives a cryptic message calling him to the scene of a strange crime He soon finds that the adjective is correct for in a quiet brownstone house in a respectable New York City neighborhood he finds the body of a man brutally stabbed to death yet lovingly laid out on the floor of his study The only apparent witnesses are a deaf and dumb butler driven mad by the event and a caged bird that sings out a vital but puzzling clue Before he solves the crime with the help of the redoubtable Miss Amelia Butterworth Gryce must uncover a

motive that spans generations and the passions that have kept it alive The Circular Study Anna Green,2017-01-28

The Circular Study Anna Katherine Green,2015-09-27 Anna Katharine Green November 11 1846 April 11 1935 was an American poet and novelist She was one of the first writers of detective fiction in America and distinguished herself by writing well plotted legally accurate stories Green has been called the mother of the detective novel Green is credited with shaping detective fiction into its classic form and developing the series detective Her main character was detective Ebenezer Gryce of the New York Metropolitan Police Force but in three novels he is assisted by the nosy society spinster Amelia Butterworth the prototype for Miss Marple Miss Silver and other creations She also invented the girl detective in the character of Violet Strange a debutante with a secret life as a sleuth Indeed as journalist Kathy Hickman writes Green stamped the mystery genre with the distinctive features that would influence writers from Agatha Christie and Conan Doyle

to contemporary authors of suspenseful whodunits. In addition to creating elderly spinster and young female sleuths, Green's innovative plot devices included dead bodies in libraries, newspaper clippings as clues, the coroner's inquest, and expert witnesses. Yale Law School once used her books to demonstrate how damaging it can be to rely on circumstantial evidence. Written in 1878, her first book, *The Leavenworth Case: A Lawyer's Story*, sparked a debate in the Pennsylvania Senate over whether the book could really have been written by a woman. Green was in some ways a progressive woman for her time, succeeding in a genre dominated by male writers, but she did not approve of many of her feminist contemporaries, and she was opposed to women's suffrage.
