Da Nang Bound A Legacy Of War:

Da Nang Bound -- a Legacy of War Frank Skilbeck, 2014-10-29 Thirteen years after the end of the Indochina Wars former warring factions Vietnam and the USA are inching towards rapprochement and the restoration of diplomatic relations Progress is threatened when unconfirmed reports reach the U S Consulate in Hong Kong that two ex U S servicemen still in Vietnam after the war may be trafficking in young women and drugs Anxious to pre-empt any embarrassing incident that could disrupt or derail reconciliation talks the U S State Department authorises an urgent but discreet investigation devoid of CIA participation to preserve America's integrity In the spring of 1988 Asia savvy businessmen Yu Lee an ethnic Chinese born in Cholon Saigon and John Mac Mackenzie a Canadian national are contracted by the U S Department of State to investigate the reports working covertly on behalf of the consulate in Hong Kong Both men have strong ties with the Americans engendering a great deal of mutual trust over the years By coincidence a former American pilot who served with the USAF in wartime Vietnam approaches the same consulate for help to find Linh now sixteen the *bui doi* mixed race daughter he left behind when he was posted back to the United States For years he has suffered pangs of conscience for having deserted her Now he wants to welcome Linh into his American family and offer her an education The search for Linh taken on by Yu Lee in the first instance then in conjunction with Mac as a cover assignment takes a sinister turn when she is found but then abducted in broad daylight in Ho Chi Minh City Subsequent investigations by Yu Lee and Mac lead them to a school near Da Nang Upon receiving confirmation from Yu Lee and Mac that Americans are trafficking in young women and narcotics with the collusion of Vietnam officials the U S Department of State redoubles efforts to remove any obstacles that could prevent the restoration of diplomatic relations After years of low key mediation by some European nations reconciliation talks are scheduled to take place in the early part of 1989 a timeframe agreed by both Vietnam and the United States What begins as a locate and report investigation soon becomes a combined rescue and extraction operation in the South China Sea to the east of Da Nang It turns into a vicious life and death mission fraught with increasing complications and unforeseen danger Support from the United States Navy is deemed essential and duly authorised Everything rests on Yu Lee and Mac devising a successful escape from Da Nang without attracting undue attention The stakes are high time is of the essence and for the government of the United States of America failure is not an option [Binding Their Wounds](#) Robert J. The Vietnamese City in Transition Patrick Gubry, Frank Castiglioni, Jean-Michel Cusset, Nguyen Thi Thieng, Pham Thuy Huong, 2010 Since the Doi Moi policy of economic renovation was introduced in 1986 Vietnam has undergone deep transformations as a result of the transition to a socialist oriented market economy Social and urban transition has taken place in parallel as urban dynamics were spurred on by Vietnamese public and private stakeholders and by external agents such as international organizations and international solidarity organizations experts consultants and bilateral aid organizations Here are the results of research carried out by French Canadian and Vietnamese teams from the north and south of the country on the overarching theme of Vietnamese cities in transition Some of this research deals with urban dynamics some with the issues at stake within such dynamics or with the strategies of the most significant stakeholders in urban transition civil society donors within the framework of official aid for development consultants and international consultancy firms These projects were carried out between 2001 and 2004 as part of the Urban Research Programme for Development PRUD and mainly focus on Hanoi and Ho Chi Minh City or both in the case of comparative studies Is there such a thing as a Vietnamese model of an Asian city It seems that urban transition in Vietnam is not taking place in as radical and

abrupt a manner as in China The country s capacity for absorbing external models the quest for a third way between state intervention and economic liberalism and the fact that the country s architectural heritage is taken into account in urban planning are just some of the reasons for its particularity The issues addressed in each chapter as well as the proposals for further research suggested by the contributors should act as a catalyst for urban research in Vietnam **Army** ,1993
