How Terrorists Learn Carolin Görzig, Michael Fürstenberg, Florian Köhler, Imad Alsoos, 2023-09-01 This volume helps us understand the transformations of terrorist organisations and the conflicts they are involved in by broadening the perspective on what is considered terrorist learning Using a variety of methodological approaches and empirical data the volume offers a look at the clandestine inner lives of groups from different continents and ideological backgrounds in order to explore from whom they learn and how and what the outcomes are Their internal and external interactions are examined within their socio political contexts to illuminate how they adapt to challenges or fail to do so Unpacking the question of how do terrorists learn helps us to grasp not only changes of violent means of action but also of operational and strategic approaches and ultimately even transformations of the ends pursued The chapters demonstrate that terrorist learning is not principally different from that of other human organisations The contributors draw on conceptual frameworks of organizational learning but also broaden the scope beyond the organizational framework to acknowledge the variety of forms of informal and decentralized learning characteristic of much contemporary terrorism This book will be of much interest to students of terrorism studies violent extremism organisational studies and International Relations

Watching Murder Simon Cottee, 2022-06-24 *Watching Murder* shines a light onto the dark world of jihadi murder videos and the people who watch and share them on the internet Images and videos of murder torture and other cruelties are everywhere on the internet Why do some people seek out and watch this material how are they affected by it and do they have a right to watch any of it in the first place In this ground breaking book terrorism scholar Simon Cottee visits the murky fringes of the internet in search of answers Focusing on ISIS he shows how the group transformed the urban myth of the snuff movie into a grim reality watched by tens of thousands of people across the globe On shock sites he finds a contingent of ISIS fans who while hating the group love to watch its most monstrous depredations in high definition He interviews his fellow extremism researchers and asks them about all the dark things they have seen online and how this has affected their mental health He speaks with the cleaners whose job is to report and remove violent jihadi propaganda from the internet And he surveys thousands of young adults to find out what they think of ISIS and its notorious beheading videos Cottee exposes the hysteria around online radicalization and shows how our engagement with violent online spectacles is much more complex and multifaceted than many would have us believe *Watching Murder* will appeal to anyone with an interest in violence media terrorism and ISIS It will be of particular interest to students and scholars of terrorism studies political science culture and communication

Death in Documentaries Benjamin Bennett-Carpenter, 2017-11-13 Memento mori is a broad and understudied cultural phenomenon and experience The term memento mori is a Latin injunction that means remember mortality or more directly remember that you must die In art and cultural history memento mori appears widely especially in medieval folk culture and in the well known Dutch still life vanitas paintings of the sixteenth and seventeenth centuries Yet memento mori extends well beyond these points in art and cultural

history In Death in Documentaries The Memento Mori Experience Benjamin Bennett Carpenter suggests that documentaries are an especially apt form of contemporary memento mori Bennett Carpenter shows that documentaries may offer composed transformative experiences in which a viewer may renew one's consciousness of mortality and thus renew one's life *State Responses to Crimes of Genocide* Ewelina U. Ochab, David Alton, 2022-06-08 At the time of drafting the UN Convention on the Prevention and Punishment of the Crime of Genocide Genocide Convention the drafters were hopeful that the document will be the response needed to ensure that the world would never again witness such atrocities as committed by the Nazi regime While arguably there has been no such great loss of human lives as during WWII genocidal incidents have and still take place After WWII we have witnessed the genocides in Cambodia Rwanda Bosnia Darfur to name only a few The responses to these atrocities have always been inadequate Every time the world leaders would come together to renew their promise of Never Again However the promise has never materialised In 2014 Daesh unleashed genocide against religious minorities in Syria and Iraq Before the world managed to shake off from the atrocities in 2016 the Burmese military launched a genocidal campaign against the Rohingya Muslims in Myanmar This was followed by reports of ever growing atrocities against Christian minorities in Nigeria Without waiting too long in 2018 China proceeded with its genocidal campaign against the Uyghur Muslims In 2020 the Tigrayans became the victims of ethnic targeting Five cases of mass atrocities that in the space of just five years all easily meet the legal definition of genocide Again the response that followed each case has been inadequate and unable to make a difference to the targeted communities This legacy does not give much hope for the future The question that this book hopes to address is what needs to change to ensure that we are better equipped to address genocide and prevent the crime in the future Radicalisation in Southeast Asia Thomas Koruth Samuel, 2016 **ISIS and Its Hostages** Mark Dawn, 2015-02-05 The ISIS insurgency group has been taking hostages in their holy war since April 2004 Since then they have continuously in dramatic fashion captured over 200 hostages and thousands of Iraqi citizens in their area Some of the hostages were either killed rescued or freed The outcome of the lives of the hostages are unpredictable but usually they are fatal Since 2004 some of the captives were often filmed in captivity and many of them were also beheaded on film Some while not beheaded on film their whereabouts cannot be found There are various reasons they kidnap hostages which ranges from influencing foreign governments to make decisions demanding ransom money or discouraging travel to their area
