Existential Journey Toward Infinity John Stephen Sharpley, 2024-02-15 What is music Modern society has come to view music largely as entertainment and commodity In response *We Are Music An Existential Journey Toward Infinity* provides the reader with a holistic starting point Music has unlimited potential to transform and enlighten and is only impeded when bound by materialism physicalism and reductionism *We Are Music* is an attempt to bring music back to the core of humanity as an agent of positive empowerment self actualization and beyond Embracing interconnectivity music is more deeply experienced alongside the arts science social sciences math philosophy history and above all spirituality An endless spiral self perception and identity can be vastly expanded if not questioned and transcended Music is an infinite field and any attempt to define and describe it is problematically finite and consequently limited Herein lies the impossibility of the book which both excites and disturbs the paradox of being and not being A roadmap for music lovers toward self realization *We Are Music* is for those who desire to delve deeper into the power and illusion of self through music **Bibliotheca**

Reuteriana Auguste Julius Clemens Herbert baron de Reuter, 1916 **Matter of North** Brent Wetters, Anthony Cushing, 2025-07-01 Documents and illuminates Glenn Gould s groundbreaking radio composition *The Idea of North* *Matter of North* collects essays and source material related to Glenn Gould s landmark 1967 radio documentary *The Idea of North* The most famous product other than his studio piano recordings of Gould s 1964 decision to abandon the concert stage for the recording studio it combines Gould s interests in the contrapuntal by the simultaneous layering of speaking voices with philosophy and a life long fascination with the Canadian Arctic Because the documentary is a multivalent work the contributors approach the documentary from unique perspectives sociological philosophical music theoretical ethnomusicological each illuminating a salient aspect of the work The source material section includes for the first time the complete interview responses by Gould s five participants along with other important documentation [The Monthly](#)

[Musical Record](#) , 1902 Includes music **Teaching Approaches in Music Theory** Michael R. Rogers, 2004 Drawing on decades of teaching experience and the collective wisdom of dozens of the most creative theorists in the country Michael R Rogers s diverse survey of music theory one of the first to comprehensively survey and evaluate the teaching styles techniques and materials used in theory courses is a unique reference and research tool for teachers theorists secondary and postsecondary students and for private study This revised edition of *Teaching Approaches in Music Theory An Overview of Pedagogical Philosophies* features an extensive updated bibliography encompassing the years since the volume was first published in 1984 In a new preface to this edition Rogers references advancements in the field over the past two decades from the appearance of the first scholarly journal devoted entirely to aspects of music theory education to the emergence of electronic advances and devices that will provide a supporting if not central role in the teaching of music theory in the foreseeable future With the updated information the text continues to provide an excellent starting point for the study of music theory pedagogy Rogers has organized the book very much like a sonata Part one Background delineates principal

ideas and themes acquaints readers with the author's views of contemporary musical theory and includes an orientation to an eclectic range of philosophical thinking on the subject part two Thinking and Listening develops these ideas in the specific areas of mindtraining and analysis including a chapter on ear training and part three Achieving Teaching Success recapitulates main points in alternate contexts and surroundings and discusses how they can be applied to teaching and the evaluation of design and curriculum Teaching Approaches in Music Theory emphasizes thoughtful examination and critique of the underlying and often tacit assumptions behind textbooks materials and technologies Consistently combining general methods with specific examples and both philosophical and practical reasoning Rogers compares and contrasts pairs of concepts and teaching approaches some mutually exclusive and some overlapping The volume is enhanced by extensive suggested reading lists for each chapter
