Courtiers Du Capitalisme Sylvain Laurens:

Why Fascism Is on the Rise in France Ugo Palheta, 2025-08-26 LE PEN AND THE FAR RIGHT ARE CONQUERING FRANCE AND MACRON IS PAVING THE WAY Recent polls have indicated for the first time that a far right candidate could win the French presidential election in 2027 Reactionary and racist ideologues increasingly sully the French media Assaults by fascist groups are on the rise as they grow in size and confidence How did this happen in a country once so proud of its revolutionary past Writer and academic Ugo Palheta shows that the fascist threat is rooted in the triple radicalization neoliberal authoritarian and racist of the French ruling class Unable to win majority support for the self interested policies represented by Emmanuel Macron this class has sought support by adopting more radical right wing positions Palheta argues for a renaissance of anti fascism to inspire resistance to the far right and the triple threat encouraging its rise Why Fascism Is on the Rise in France has repositioned the question of fascism to place it at the centre of intellectual debate in France

Lobbyists and Bureaucrats in Brussels Sylvain Laurens, 2017-09-18 With over 30 000 lobbyists in town Brussels is often called the European capital of lobbying Despite this little is known on how this political system works in practice This book offers an unprecedented window into the everyday relationships between bureaucrats and interest representatives Where the media only shows lobbyists as they meet MEPs and submit amendments the book argues that the bulk of their work is done in close contact with EU bureaucrats a form of quiet politics developed by the business community targeting officials with little public exposure Based on official archives the book first sets the historical picture for the emergence of a new layer of bureaucrats fuelled by European and transatlantic capitalism it altered the political face of the business community to fulfil its need for legitimacy Drawing from observations of internal meetings of the main lobbies operating in Brussels and interviews with lobbyists and Commission officials the book then shows lobbyists at work This text will be of key interest to scholars students and practitioners of the European Union interest groups and more broadly to political science and sociology

The Price of Democracy Julia Cagé, 2020-03-31 Why and how systems of political financing and representation in Europe and North America give outsized influence to the wealthy and undermine democracy and what we can do about it One person one vote In theory everyone in a democracy has equal power to decide elections But it's hardly news that in reality political outcomes are heavily determined by the logic of one dollar one vote We take the political power of money for granted But does it have to be this way In The Price of Democracy Julia Cag combines economic and historical analysis with political theory to show how profoundly our systems in North America and Europe from think tanks and the media to election campaigns are shaped by money She proposes fundamental reforms to bring democracy back into line with its egalitarian promise Cag shows how different countries have tried to develop legislation to curb the power of private money and to develop public systems to fund campaigns and parties But these attempts have been incoherent and unsystematic She demonstrates that it is possible to learn from these experiments in the United States Europe and elsewhere

to design a better system that would increase political participation and trust This would involve setting a strict cap on private donations and creating a public voucher system to give each voter an equal amount to spend in support of political parties More radically Cag argues that a significant fraction of seats in parliamentary assemblies should be set aside for representatives from disadvantaged socioeconomic groups At a time of widespread political disenchantment *The Price of Democracy* is a bracing reminder of the problems we face and an inspirational guide to the potential for reform Never Ending Nightmare Pierre Dardot, Christian Laval, 2019-04-16 Neoliberalism's war against democracy and how to resist it How do we explain the strange survival of the forces responsible for the 2008 economic crisis one of the worst since 1929 How do we explain the fact that neoliberalism has emerged from the crisis strengthened When it broke a number of the most prominent economists hastened to announce the death of neoliberalism They regarded the pursuit of neoliberal policy as the fruit of dogmatism For Pierre Dardot and Christian Laval neoliberalism is no mere dogma Supported by powerful oligarchies it is a veritable politico institutional system that obeys a logic of self reinforcement Far from representing a break crisis has become a formidably effective mode of government In showing how this system crystallized and solidified the book explains that the neoliberal straitjacket has succeeded in preventing any course correction by progressively deactivating democracy Increasing the disarray and demobilization the so called governmental Left has actively helped strengthen this oligarchical logic The latter could lead to a definitive exit from democracy in favour of expertocratic governance free of any control However nothing has been decided yet The revival of democratic activity which we see emerging in the political movements and experiments of recent years is a sign that the political confrontation with the neoliberal system and the oligarchical bloc has already begun Les courtiers du capitalisme Sylvain Laurens, 2015-09-09 Pour un lobbyiste connaître des bureaucrates plus ou moins personnellement permet de savoir quand il est encore utile de pousser une position et quand l'inverse il ne sert rien de se montrer insistant En fait le Parlement européen si tu veux faire une analogie c'est comme si tu avais une table de poker et cette table de poker les gens doivent montrer leur jeu Au Parlement tu dois montrer ton jeu Donc les libéraux c'est à la droite c'est à et les socialistes c'est à Tu lis les amendements tu vois d'où ça vient Et le type de la Commission qui bosse là-dessus depuis deux ans fond il voit tout de suite dans le style de la rédaction dans l'idée qui est poussée comment ça a été amené et quelle industrie il a affaire À partir d'archives inédites et d'observations réalisées auprès des lobbys patronaux ce livre analyse les relations qu'entretiennent les représentants des intérêts économiques avec les agents de la Commission européenne Pour parvenir leurs fins les lobbyistes doivent se fondre dans les logiques de productivité de l'administration communautaire les plus grandes firmes apprennent ainsi manier le jargon des technocrates pour maintenir leur position et enrôlent des experts scientifiques pour répondre aux attentes pratiques de tel ou tel chef de bureau Et les liens intimes qu'entretient le capitalisme avec la bureaucratie se voient quotidiennement actualisés **Struggle and Mutual Aid** Nicolas Delalande, 2023-01-31 A dynamic historian revisits the workers internationals whose scope and significance are commonly overlooked In current

debates about globalization open and borderless elites are often set in opposition to the immobile and protectionist working classes This view obscures a major historical fact for around a century from the 1860s to the 1970s worker movements were at the cutting edge of internationalism The creation in London of the International Workingmen s Association in 1864 was a turning point What would later be called the First International aspired to bring together European and American workers across languages nationalities and trades It was a major undertaking in a context marked by opening borders moving capital and exploding inequalities In this urgent engaging work historian Nicolas Delalande explores how international worker solidarity developed what it accomplished in the nineteenth and twentieth centuries and why it collapsed over the past fifty years to the point of disappearing from our memories **Se débarrasser du capitalisme est une question de survie**

Courtiers Du Capitalisme Sylvain Laurens Introduction

In today's digital age, the availability of Courtiers Du Capitalisme Sylvain Laurens books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Courtiers Du Capitalisme Sylvain Laurens books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Courtiers Du Capitalisme Sylvain Laurens books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Courtiers Du Capitalisme Sylvain Laurens versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Courtiers Du Capitalisme Sylvain Laurens books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Courtiers Du Capitalisme Sylvain Laurens books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Courtiers Du Capitalisme

Sylvain Laurens books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Courtiers Du Capitalisme Sylvain Laurens books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Courtiers Du Capitalisme Sylvain Laurens books and manuals for download and embark on your journey of knowledge?
