River of Love in an Age of Pollution David Haberman, 2023-09-01 Celebrated as an aquatic form of divinity for thousands of years, the Yamuna is one of India's most sacred rivers. A prominent feature of north Indian culture, the Yamuna is conceptualized as a goddess flowing with liquid love, yet today it is severely polluted, the victim of fast-paced industrial development. This fascinating and beautifully written book investigates the stories, theology, and religious practices connected with this river goddess, collected from texts written over several millennia as well as from talks with pilgrims, priests, and worshippers who frequent the pilgrimage sites and temples located on her banks. David L. Haberman offers a detailed analysis of the environmental condition of the river and examines how religious practices are affected by its current pollution. He introduces Indian river environmentalism, a form of activism that is different in many ways from its western counterpart. *River of Love in an Age of Pollution* concludes with a consideration of the broader implications of the Yamuna's plight and its effect on worldwide efforts to preserve our environment.

Conversations with the High Priest of Coosa Charles M. Hudson, 2009-11-04 This book begins where the reach of archaeology and history ends, writes Charles Hudson. Grounded in careful research, his extraordinary work imaginatively brings to life the sixteenth-century world of the Coosa, a native people whose territory stretched across the Southeast, encompassing much of present-day Tennessee, Georgia, and Alabama. Cast as a series of conversations between Domingo de la Anunciación, a real-life Spanish priest who traveled to the Coosa chiefdom around 1559, and the Raven, a fictional tribal elder, *Conversations with the High Priest of Coosa* attempts to reconstruct the worldview of the Indians of the late prehistoric Southeast. Mediating the exchange between the two men is Teresa, a character modeled on a Coosa woman captured some twenty years earlier by the Hernando de Soto expedition and taken to Mexico, where she learned Spanish and became a Christian convert. Through story and legend, the Raven teaches Anunciación about the rituals, traditions, and culture of the Coosa. He tells of how the Coosa world came to be and recounts tales of the birds and animals, real and mythical, that share that world. From these engaging conversations emerges a fascinating glimpse inside the Coosa belief system and an enhanced understanding of the native people who inhabited the ancient South.
