Derecho Al Goce Spanish Edition:

The Changing Spanish Family Tiffany Trotman, 2011-08-31 Despite centuries of Catholic conservatism Spain stands among the Western countries that have recently embraced non traditional families A decline in the dominance of extended families the upswing in single parent households and an increase in the number of working mothers have all transformed what it means to be a Spanish family Many factors have prompted this change including the end of Franco s dictatorship the liberalization of society economic reforms Spanish feminism and recent Socialist constitutional reforms recognizing the rights of same sex partners This collection of essays examines how authors filmmakers and playwrights are engaging with changes to Spanish culture exploring the very redefining of Spanish society

The Latino Big Bang in California David E. Hayes-Bautista, Cynthia L. Chamberlin, Gray Bryan Paul, 2025-04-29 The Latino Big Bang in California presents a Spanish transcription and English translation of a diary written by Forty Niner Justo Veytia a Mexican immigrant seeking riches during California s Gold Rush Veytia s diary offers insights into the dilemmas and choices of an adventurous and ambitious young mexicano and provides a detailed glimpse into the life of Latinos who participated in this tumultuous moment in California history In doing so Veytia s diary demonstrates that the US Mexico War together with the Gold Rush constituted a Latino big bang in California that attracted large swaths of fortune seekers from across the Spanish speaking world throughout the latter half of the nineteenth century Combining archival research with quantitative methods to extrapolate demographic information about the persistent presence of Latino communities in California from the mid nineteenth century to today The Latino Big Bang in California shows how Latino migration and labor forever changed the course of California history

Free Communities of Color and the Revolutionary Caribbean Robert D. Taber, Charlton W. Yingling, 2020-01-24 The tumult of the Age of Atlantic Revolutions provided new opportunities for free communities of color in the Caribbean yet the fact that much scholarship places an emphasis on a few remarkable individuals who pursued their freedom and respectability in a high profile manner can mask as much as it reveals Scholarship on these individuals focuses on themes of mobility and resilience and can overlook more subversive motives underrepresent individuals who remained in communities and elide efforts by some to benefit from racial hierarchies In these free communities displays of social cultural and symbolic capitals often reinforced systemic continuity and complicated revolutionary era tensions among the long free enslaved and recently freed This book contains seven fascinating studies which examine Haiti Caracas Cartagena Charleston Jamaica France the Netherlands Antilles and the Swedish Caribbean

They explore how free communities of color deployed religion literature politics fashion the press history and the law in the Atlantic to defend their status and at times define themselves against more marginalized groups in a rapidly changing world This volume demonstrates that problems of belonging difference and hierarchy were central to the operation of Caribbean colonies Without recalibrating scholarship to focus on this we risk underappreciating how the varied motivations and ambitions of free people of color shaped the decline of empires and the formation of new states This book was originally published as a special issue of *Atlantic Studies*

El papel del estado frente a la lucha contra la violencia doméstica e intrafamiliar hacia la mujer Roberta Lídice,2022-03-04 Este libro pretende sensibilizar e invitar al lector a reflexionar sobre el cr tico y complejo problema social que significa la violencia dom stica e intrafamiliar hacia la mujer por raz n de g nero as como se enfatiza la obligaci n del Estado de actuar con la debida diligencia para prevenir investigar sancionar juzgar y ofrecer reparaci n integral frente a los actos de violencia abuso y discriminaci n practicados contra las mujeres en el seno de la familia no solamente basado en g nero sino tambi n a m ltiples factores que se sustentan en las persistentes desigualdades hist ricas y estructurales existentes en nuestra sociedad y en las comunidades Asimismo se se ala la importancia de implementar pol ticas p blicas de protecci n adecuadas dignas y efectivas que respondan al reclamo de la poblaci n femenina postulando as la urgencia de un cambio de conciencia social para hacer frente a este fen meno persistente generalizado e inaceptable que aqueja diariamente a millares de hogares en todo el mundo independientemente de la cultura religi n etnias o razas clases sociales niveles de educaci n o edad En este contexto vale recalcar el aumento exponencial de la viol ncia hacia las mujeres perpetrada en el mbito de las relaciones dom sticas familiares o ntimas de afecto debido a la pandemia de COVID 19 A este respecto el Secretario General de las Naciones Unidas ha instado a todos los pa ses que adopten medidas contra el estremecedor repunte de la violencia dom stica a raz del confinamiento y aislamiento global con el fin de combatir la pandemia por COVID 19 y sus efectos en la sociedad De ah se infiere con mayor claridad que la violencia dom stica e intrafamiliar hacia la mujer por raz n de g nero no se trata de un problema privado pero s de una cuesti n de orden p blico y una grave violaci n de los derechos humanos y libertades fundamentales que afecta de manera desproporcionada a este colectivo especialmente vulnerable Adem s conviene advertir que incluso antes de instaurada la actual situaci n de pandemia

las cifras mundiales con relación a esta modalidad delictiva eran realmente muy alarmantes. Es más, la violencia practicada contra las mujeres sigue siendo una gran amenaza para la salud pública mundial frente a la situación actual de pandemia lo que ha incrementado los casos de violencia doméstica e intrafamiliar contra la mujer perpetrada por compañeros íntimos. De eso se desprende la necesidad de poner en marcha medidas urgentes de lucha contra la violencia infligida hacia la mujer en tiempos de pandemia incluyendo los planes de preparación y respuesta para así proporcionar un acceso asequible e igualitario a los servicios esenciales en el sector de atención sanitaria, servicios sociales y los sectores policial y judicial, los que pueden mitigar de manera significativa las consecuencias que tiene este tipo delictivo sobre la integridad física, psíquica y moral de las víctimas.

Reparations for Indigenous Peoples Federico Lenzerini, 2008-01-24. Published in concomitance with the adoption of the United Nations Declaration on the Rights of Indigenous Peoples, this volume brings together a group of renowned legal experts and activists from different parts of the world who from international and comparative perspectives investigate the right of indigenous peoples to reparation for breaches of their individual and collective rights. The first part of the book is devoted to general aspects of this important matter, providing a comprehensive assessment of the relevant international legal framework and including overviews of the topic of reparations for human rights violations, the status of indigenous peoples in international law and the vision of reparations as conceived by the communities concerned. The second part embraces a comprehensive investigation of the relevant practice at the international, regional and national level, examining the best practices of reparations according to the ideologies and expectations of indigenous peoples and offering a comparative perspective on the ways in which the right of these peoples to redress for the injuries suffered is realized worldwide. The global picture painted by these contributions provides a view of the status of relevant international law that is synthesized in the two final chapters of the book, which include a concrete example of how a judicial claim for reparation is to be structured and prescribes the best practices and strategies to be adopted in order to maximize the opportunities for indigenous peoples to obtain effective redress. As a whole, this volume offers a comprehensive vision of its subject matter in international and comparative law with a practical approach aimed at supporting legal academics, administrators and practitioners in improving the avenues and modalities of reparations for indigenous peoples.
