Counselling Psychotherapy And The Law Professional Skills For Counsellors Series:

Counselling, Psychotherapy and the Law Peter Jenkins, 2007-08-01 Jenkins book makes the law relevant understandable and manageable to counsellors and psychotherapists. It makes clear reassuring and essential reading for therapists in training as well as those in practice. All counsellors and psychotherapists need to be up to speed with the law and with how it relates to their work. This book is more than timely with the impending introduction of regulation and the fact that increasingly the work of counsellors and psychotherapists is being subjected to legal scrutiny. *Healthcare Counselling and Psychotherapy Journal* *Counselling Psychotherapy and the Law* is the long awaited Second Edition of Peter Jenkins comprehensive introduction to legal issues in relation to counselling and psychotherapy in the UK. This text has been fully updated to include coverage of the key developments in the law that have had major impact on therapists practice with regard to data protection and the management of confidentiality. The book breaks new ground by exploring in detail the relationship of ethics to the law and providing a framework for relating the BACP Ethical Framework to legal decision making. Key features of this new edition include extensive use of case studies. These bring legal examples to life and give a human dimension to powerful ethical dilemmas such as seeking agreement to end medical treatment or clients gaining access to their own confidential records. Key points which provide quick summaries of complex material and reference guides for professional practice. The multiple points of crossover and intersection of law and therapy. These are identified and explored ranging from the use of narrative theory to the provision of pre trial therapy for abused children to the role of the therapist as expert witness. This new edition provides clarity and reassurance for practitioners at all levels about the exact nature of their responsibilities and how these can best be managed in order to enable them to comply with the law and focus on their therapeutic work with clients. *Counselling Psychotherapy and the Law* Second Edition provides an essential source of reference in a single volume making a fascinating and complex topic understandable and bringing it to life. Peter Jenkins formerly a member of the BACP Professional Conduct Committee and currently a member of the Ethics Committee of the UKCP has been described by *Counselling at Work* as probably the foremost authority on legal issues in counselling. He is Co Director of the Counselling and Psychotherapy Directorate at the University of Salford. More reviews. Despite requiring real concentration this is an essential read for counsellors and psychotherapists irrespective of background and theoretical orientation. Trainers supervisors and agency coordinators especially would benefit from the up to date material contained here. *Therapy Today* Peter Jenkins has consulted widely over the content of this book both within the psychological therapies field and with legal eagles. His use of clear flow diagrams and comparison boxes enable the reader to identify the similarities and differences between professional and moral ethical debates. It is a thoroughly researched and accessible text. *Association for University and College Counselling Journal* a comprehensive overview of a rapidly evolving field. This book represents a helpful addition to practitioners bookshelves as a reference work but also a beneficial read to stimulate thoughtful responses.

to practical dilemmas It provides a good support to both therapeutic and supervision practices across the spectrum of experience and theoretical models The Psychotherapist *Counselling and Psychotherapy in Private Practice* Roger Thistle,1998-08-24 This practical book explores the conflicts of running a private practice that needs to be ethical and responsive to clients needs at the same time as being a successful and profitable business The author provides straightforward advice and guidelines about how a business can be set up and thereafter maintained successfully Tax VAT and accounting are explained clearly and examples of budgets illustrate how to make the business perform Business research marketing and promotion finding and using suitable premises working from home forming partnerships dealing with insurance legal and safety issues and other essential considerations are all covered in detail The book also encourages a comprehensive assessment of th *The Management of Counselling and Psychotherapy Agencies* Colin Lago,Duncan Kitchin,1998-10-13 The authors of this book provide clear guidelines on the many aspects of knowledge skill and management expertise increasingly required by all counselling services Due consideration and detailed advice is given on a broad range of essential issues from setting up a counselling service to customer relations and quality control Topics examined include implications of funding budgeting staffing location and furnishing of premises daily working routines how to ensure a competent professional safe and ethical working practice and the sheer complexities of being a manager of therapists *Contracts in Counselling & Psychotherapy* Charlotte Sills,2006-06-15 Praise for the First Edition An excellently edited book It touches upon the core philosophical bases of psychodynamic psychoanalytic cognitive and humanistic counselling and explores the complicated and sometimes contradictory nature of contracting within these approaches The book is written in an accessible language and often uses very powerful imagery to underline its message I found this book to be extremely stimulating accessible and readable I recommend it to all people interested in counselling and particularly to students of counselling at all levels British Journal of Guidance and Counselling *Contracts in Counselling and Psychotherapy* Second Edition is a practical guide to an essential area of professional knowledge and skills Any kind of therapeutic relationship requires an agreement between practitioner and client at the outset When contracting with clients practitioners need to consider a whole range of factors including goals of counselling theoretical orientation brief or open ended counselling different personality types ethical and legal issues This book provides a unique guide to the nature of counselling contracts why they are needed and how they are made For the second edition the book has been thoroughly updated to take account of the BACP ethical framework Two new chapters have been added covering the legal aspects of contracting and how to make contracts with trainees *Contracts in Counselling and Psychotherapy* Second Edition is an authoritative source of information and practical guidance for trainees and practitioners in counselling and psychotherapy Charlotte Sills is Visiting Professor at Middlesex University and Head of Transactional Analysis Department at Metanoia Institute London

Counselling and Psychotherapy with Children and Adolescents Linda Hopper,2006-11-07 It is increasingly understood

that to counsel children and adolescents effectively requires specialized skills simply adapting techniques developed for adults will not work Drawing on the work of Bowlby Winnicott and others Linda Hopper here gives a brief introduction to the emotional development of young people and shows how play and other creative means can be used to help them to express their inner feelings In a comprehensive overview of the area she also discusses issues of difference and identity the counselling process and ethical issues in counselling children The author's wide experience of working with children and adolescents shines through in vivid case studies covering a range of clients contexts and difficulties Offering a judicious balance of theory and practical discussion *Counselling and Psychotherapy with Children and Adolescents* focuses on the essential knowledge needed to work therapeutically with children It is thus an ideal foundation text for students undertaking training in child counselling either as part of their initial training or in post qualification professional development
