Derniers Jours Lempire Romain Doccident:

Derniers temps de l'empire d'occident Amédée Thierry, 1876 Philological and Historical Commentary on Ammianus Marcellinus XXXI Jan den Boeft, Jan Willem Drijvers, Daniël den Hengst, Hans C. Teitler, 2018-01-09 This is the final volume in the series of commentaries on Ammianus Res Gestae The last book of Ammianus Marcellinus Res Gestae is the most important source for a momentous event in European history the invasion of the Goths across the Danube border into the Roman Empire and the ensuing battle of Adrianople 378 CE in which a Roman army was annihilated and the emperor Valens lost his life Many contemporaries were of the opinion that this defeat heralded the decline of the Empire Ammianus is sharply critical of the way Valens and his generals handled the military situation but holds on to his belief in the permanence of Roma Aeterna reminding his readers of earlier crises from which the Empire had recovered and pointing to the incompetence of the barbarians in siege craft Napoleon and de Gaulle Patrice Gueniffey, 2020-05-12 An Australian Book Review Best Book of the Year One of France's most famous historians compares two exemplars of political and military leadership to make the unfashionable case that individuals for better and worse matter in history Historians have taught us that the past is not just a tale of heroes and wars The anonymous millions matter and are active agents of change But in democratizing history we have lost track of the outsized role that individual will and charisma can play in shaping the world especially in moments of extreme tumult Patrice Gueniffey provides a compelling reminder in this powerful dual biography of two transformative leaders Napoleon Bonaparte and Charles de Gaulle Both became national figures at times of crisis and war They were hailed as saviors and were eager to embrace the label They were also animated by quests for personal and national greatness by the desire to raise France above itself and lead it on a mission to enlighten the world Both united an embattled nation returned it to dignity and left a permanent political legacy in Napoleon's case a form of administration and a body of civil law in de Gaulle's case new political institutions Gueniffey compares Napoleon's and de Gaulle's journeys to power their methods their ideas and writings notably about war and their postmortem reputations He also contrasts their weaknesses Napoleon's limitless ambitions and appetite for war and de Gaulle's capacity for cruelty manifested most clearly in Algeria They were men of genuine talent and achievement with flaws almost as pronounced as their strengths As many nations not least France struggle to find their soul in a rapidly changing world Gueniffey shows us what a difference an extraordinary leader can make *La chute de l'Empire romain* Bertrand Lançon, 2017 La 4 me de couv indique La chute de l'Empire romain ne cesse de faire couler beaucoup d'encre Plus encore elle a suscité un nombre de publications sans précédent ces dernières années On la traite tort comme une nigme historique qu'il s'agirait de résoudre en identifiant les causes alors que c'est bien la longévité de l'Empire romain qui relève de l'énigme Si elle fascine autant c'est parce qu'elle agit tel un miroir reflétant les peurs contemporaines du déclin et de l'effondrement qui connaissent aujourd'hui un nouvel essor au sein de l'Empire américain comme de l'Union européenne Si ce livre raconte et interroge naturellement le dernier siècle de l'empire d'Occident il entend

montrer que sa chute est largement un fantasme Non seulement il est impossible d'en puiser la racine mais encore la culture occidentale semble n'avoir aucun moyen de s'y renoncer La raison en est peut-être que cet abandon mettrait en cause le pessimisme foncier qui la sous-tend Cette chute est devenue une histoire sans fin car on s'efforce en vain d'accumuler les facteurs incertains d'un vnement sans contours d'finissables tandis qu'elle sert en racine de miroir et d'exutoire nos angoisses

, 1896 Qu'est-ce que l'Histoire? JACQUES BLANCHET, 2016-12-01T00:00:00Z L'histoire est une discipline conçue pour nous permettre de prendre conscience du passé Mais le passé n'est plus et il appartient donc à l'historien de le reconstituer aussi fidèlement que possible ce qui demande beaucoup de soins et d'honnêteté Le présent ouvrage décrit les difficultés et les pièges que rencontre l'historien pour rendre le passé aussi vrai que possible mais cette tâche est quasiment irréalisable et de ce fait nous n'avons du passé qu'une connaissance approximative et parfois biaisée quand elle n'est pas purement légendaire
