Exploring Antonio Damasio's *Descartes' Error* [1] [2], 2009 *Descartes' Error* Antonio R. Damasio, 1994 The Failure of Modernism Brendan Sweetman, 1999 The contributors to *The Failure of Modernism* are influenced by the view that modernism has failed and most of the essays attempt to critique specific features of modernism often from a more traditional perspective Modernism in philosophy is characterized by skepticism and anti-realism in epistemology and by relativism in ethics and politics Hardwired Humans Andrew O'Keeffe, 2018-09-01 Offices are not our natural habitat Leadership is easier when we understand the nine instincts that still drive human behaviour With the Industrial Revolution only 250 years ago we left our hunting gathering and village societies to work in offices and factories The behaviour that ensured our ancestors survival on the savannah plains of Africa over the millennia is alive and well in today's workplaces The nine instincts explain the reasons and the solutions to the challenges that leaders commonly face Based on the author's wide experience in large organisations combined with witty true stories of chimps from Gombe Tanzania and Taronga Zoo Sydney *Hardwired Humans* explains the psychology behind the human instincts of social behaviour As you read this entertaining book you will learn how the instincts of clan connections hierarchy gossip politics snap judgments status displays and sexual competition continue to drive modern office interactions just as they have driven human interaction for millennia The book shares a practical framework that helps makes sense of human behaviour and allows leaders to manage more effectively In a note introducing the book Dr Jane Goodall calls it a compelling book The

Australian Financial Review Boss magazine highly recommends the book as one that will captivate anyone who finds the people stuff confounding **Infoglut** Mark Andrejevic,2013-06-26 Today more mediated information is available to more people than at any other time in human history New and revitalized sense making strategies multiply in response to the challenges of cutting through the clutter of competing narratives and taming the avalanche of information Data miners sentiment analysts and decision markets offer to help bodies of data speak for themselves making sense of their own patterns so we don't have to Neuromarketers and body language experts promise to peer behind people's words to see what their brains are really thinking and feeling New forms of information processing promise to displace the need for expertise and even comprehension at least for those with access to the data Infoglut explores the connections between these wide ranging sense making strategies for an era of information overload and big data and the new forms of control they enable Andrejevic critiques the popular embrace of deconstructive debunkery calling into question the post truth post narrative and post comprehension politics it underwrites and tracing a way beyond them *Anglo-Saxon Emotions* Alice Jorgensen,Frances McCormack,Jonathan Wilcox,2016-04-15 Research into the emotions is beginning to gain momentum in Anglo Saxon studies In order to integrate early medieval Britain into the wider scholarly research into the history of emotions a major theme in other fields and a key field in interdisciplinary studies this volume brings together established scholars who have already made significant contributions to the study of Anglo Saxon mental and emotional life with younger scholars The volume presents a tight focus on emotion rather than psychological life more generally on Anglo Saxon England and on language and literature with contrasting approaches that will open up debate The volume considers a range of methodologies and theoretical perspectives examines the interplay of emotion and textuality explores how emotion is conveyed through gesture interrogates emotions in religious devotional literature and considers the place of emotion in heroic culture Each chapter asks questions about what is culturally distinctive about emotion in Anglo Saxon England and what interpretative moves have to be made to read emotion in Old English texts as well as considering how ideas about and representations of emotion might relate to lived experience Taken together the essays in this collection indicate the current state of the field and preview important work to come By exploring methodologies and materials for the study of Anglo Saxon emotions particularly focusing on Old English language and literature it will both stimulate further study within the discipline and make a distinctive contribution to the wider interdisciplinary conversation about emotions **Police Reform in China** Kam C. Wong,2011-10-11 Sweeping changes have altered the cultural landscape of China This volume provides an insightful glimpse of policing in the midst of such change Beginning with a historical account of police reform in the region since 2000 it discusses the difficulties encountered in trying to understand Chinese policing Demonstrating how old ideologies are increasingly in conflict with the values and lifestyles of a new mentality the book discusses steps that can be taken to improve professionalism The final chapters highlight the importance of understanding the Chinese people culture values and interests

in order to truly effectuate successful police reform **Handbook of Moral Development** Melanie Killen, Professor of Human Development and Psychology Melanie Killen, Judith G. Smetana, Judith Smetana, 2005-07-06 The psychological study of moral development has expanded greatly both in terms of the diversity of theoretical perspectives that are represented in the field as well as in the range of topics that have been studied This Handbook of Moral Development represents the diversity and multidisciplinary influences on current theorizing about the psychological study of moral development and the range and broad scope of topics being considered by scholars in the field
