Curricular Conversations Stephen B. Kucer, Cecilia Silva, Esther L. Delgado-Larocco, 1995 How do I pick a theme that all my students can get involved in Teaching with themes doesn't work I

can never get the kids beyond the level of skills work I have ESL students who understand content areas conceptually in their native language but find it hard to express their ideas in English If I could help them put it all together they ll be more successful If this sounds familiar to you you ll welcome this concise and helpful book on the whys and hows of building and implementing a thematically unified curriculum The twenty nine themes outlined in Curricular Conversations cover all sorts of interests and subject matters These themes are not presented as prepackaged activity sets but in a framework with outlines of strategies and techniques By combining the theory and application of teaching with themes Curricular Conversations helps teachers and students to move beyond skills and facts to higher level thinking processes demonstrates how the themes work in real life shows teachers and students how to generate their own thematic units includes a bibliography of more than 1 000 children s books in English and Spanish and from various cultural backgrounds gives teachers support material in an appendix full of sample forms and charts for organizing and managing class discussions and investigations The key word here is conversations The authors feel that all students whatever their abilities languages or literacy levels may be should be able to join in and be engaged by the conversations about so many interesting things that a theme holds
