Desert and Justice Serena Olsaretti, 2003-07-24 Serena Olsaretti brings together new essays by leading moral and political philosophers on the nature of desert and justice their relations with each other and with other values Does justice require that individuals get what they deserve What exactly is involved in giving people what they deserve Does treating people as responsible agents require that we make room for desert in the economic sphere as well as in the attribution of moral praise and blame and in the dispensing of punishment How does respecting desert square with considerations of equality Does desert like justice have a comparative aspect These are questions of great practical as well as theoretical importance this book is unique in offering a sustained examination of them from various perspectives *Debating Equal Pay for All* Anders Örtengren, 2020-12-09 This anthology debates the idea of giving all people no matter which profession or position they have and whether they have a job or not the same pay Some contributors argue against equal pay for all some for increased pay equality but not for total pay equality and some argue for equal pay for all There is no common conclusion in the book instead the book aims to encourage reflection as well as further debate on something that is often taken for granted namely differentiated pay by offering a set of various standpoints in the debate backed up with various kinds of arguments Among bases for arguments that are put forward in the book economy practicability and ethics belong to the most frequently occurring ones This book is the first one to be published in the book series Palgrave Debates in Business and Management *Bibliographisch repertorium van de wijsbegeerte*, 2004 *Values and Virtues* Timothy Chappell, 2006-11-16 After 25 centuries Aristotle's influence on our society's moral thinking remains profound even when subterranean Typical members of our society can often be made to see that their moral thought and action are in crucial ways unwittingly Aristotelian No one in contemporary philosophical ethics can afford to ignore Aristotle Much of the finest work in recent moral philosophy has been overtly and professedly Aristotelian in inspiration And many writers who would officially distance themselves from Aristotle and his contemporary followers are nonetheless indebted to him sometimes in ways that they do not realise *Values and Virtues* provides a platform for some notable writers in the area to present and discuss their new ideas about Aristotelian ethics in a way that will advance the academic debate and engage the interest of a broad range of philosophical readers **Philosophers on Music** Kathleen Stock, 2007-09-27 *Philosophers on Music* Experience Meaning and Work presents significant new contributions to central issues in the philosophy of music written by leading philosophers working in the analytic tradition Music is an increasingly popular object of reflection for professional philosophers as it raises special questions not only of relevance to music practitioners theorists and philosophers of art but also of wider philosophical interest to those working in metaphysics the philosophy of emotion and the philosophy of language among other areas The wide range of contributors to this volume reflects this level of interest It includes both well known philosophers of music drawing on a wealth of reflection to produce new and often startling conclusions and

philosophers relatively new to the philosophy of music yet eminent in other philosophical fields who are able to bring a fresh perspective informed by that background to their topic of choice The issues tackled in this volume include what sort of thing a work of music is the nature of the relation between a musical work and versions of it the nature of musical expression and its contribution to musical experience the relation of music to metaphor the nature of musical irony the musical status of electro sonic art and the nature of musical rhythm Together these papers constitute some of the best new work in what is an exciting field of research and one which has much to engage philosophers aestheticians and musicologists Desert and Justice ,2023 Serena Olsaretti brings together new essays by moral and political philosophers on the nature of desert and justice their relations with each other and with other values The Philosophical Review Jacob Gould Schurman,James Edwin Creighton,Frank Thilly,Gustavus Watts Cunningham,2004 American Book Publishing Record ,2003 The Book Review Digest ,2005 The British National Bibliography Arthur James Wells,2004
