Technologies for Children Marilyn Fleer, 2023-07-10 Technologies for Children is a comprehensive guide to teaching design and digital technologies to children from birth to 12 years Aligned with the Early Years Learning Framework and the Australian Curriculum Technologies this book provides practical ideas for teaching infants toddlers pre schoolers and primary aged children The third edition includes expanded content on teaching digital technologies with a new chapter on computational thinking Key topics covered include food and fibre production engineering principles and systems and computational thinking The content goes beyond discussing the curriculum to consider technology pedagogies planning assessment and evaluation Case studies drawn from Australian primary classrooms and early childhood centres demonstrate the transition from theory to practice Each chapter is supported by pedagogical reflections research activities and spotlights as well as extensive online student resources Written by Marilyn Fleer this book presents innovative engaging and student centred approaches to integrating technologies in the classroom

Savannah Highway Abiding W. Glenn Lucas, 2000-10 Few notice a mangled chair or a smelly pond Getting lost and eating sandwiches never make the evening news But as sure as God was involved in parting the Red Sea so too was He involved in the life of a boy living in a house on Savannah Highway four miles south of Charleston These are the everyday stories of the unimportant stuff that fills our lives

Early Learning and Development Marilyn Fleer, Mariane Hedegaard, 2010-04-19 Early Learning and Development provides a unique synthesis of cultural historical theory from Vygotsky Elkonin and Leontiev in the twentieth century to the ground breaking research of scholars such as Siraj Blatchford Kratsova and Hedegaard today It demonstrates how development and learning are culturally embedded and institutionally defined and it reflects specifically upon the implications for the early childhood profession Divided into parts with succinct chapters that build upon knowledge progressively the everyday lives of children at home in the community at pre school and at school are discussed in the context of child development and pedagogy The book explicitly problematises the foundations of early childhood education inviting postgraduates researchers and academics to drill down into specific areas of international discourse and extending upper level undergraduates beyond the fundamental underpinnings of their learning Ultimately Early Learning and Development offers new models of conceptual play practice and theory within a globally resonant cultural historical framework

Design and Technology for Children Marilyn Fleer, Jane Beverley, 2015-05-20 Design and technology education is now an established field of study in primary schools and in many early childhood centres Authors Marilyn Fleer and Beverley Jane offer the definitive text on this curriculum area Design and Technology for Children 3e is a comprehensive and innovative account of teaching and research in design and technology education It gives pre service and in service teachers

opportunities to reflect upon and further develop their understanding of technology and technological knowledge and to consider several different approaches in a practical and interactive way the third edition has been written to reflect current research and practice in design and technology education for Australian children and pre service teachers
