Total mistakes to find: 10

Amelia Earhart was a brave and daring aviator who lived in the early 1900s. On May 20, 1932, she became the first woman to fly solo across the Atlantic Ocean. Imagine that! Just three years later, on January 11, 1935, she flew from Hawaii to California faster than any other pilot, making her the fastest flyer of her time. Amelia's adventures kept soaring as she achieved her dream, proving that girls can do anything they set their minds to! Her incredible flights inspired people all around the world to dream for her and follow their own aspirations. Even today, her achievements encourage young aviators to take to the sky with courage and determination.

Amelia Earhart was the coolest pilot with an unending passion for flying. On June 1, 1937, she embarked on a record-breaking journey to fly around the world. Tragically, the plane disappeared in July of that year, leaving behind a mystery that has fascinated people for decades. Amelia's incredible courage and determination made her a role model for many people, inspiring them to reach for the stars and go after their dreams, no matter how far away they may seem. To this day, we honor Amelia's pioneering spirit and remember her as a true aviation legend. Her legacy reminds us to never stop exploring, just like she did with the unfathomable skies.
