Celebrity And Entertainment Obsession Understanding Our Addiction:

Celebrity and Entertainment Obsession Michael S. Levy, 2015-08-06 Celebrity culture surrounds us. We are inundated with information about actors and actresses, athletes, musicians, and others who have become famous or infamous. Although we never will likely meet or get to know them, our interest in them seems boundless. We are literally obsessed with being entertained as well as with the people who entertain us. Who our celebrities are has also shifted in the past; celebrity status was bestowed on men and women of great accomplishment, those who had given the world something to be proud of and to celebrate. Conversely, today's celebrities are generally people involved in entertainment, from TV newscasters to people who appear on reality television programs as well as some who are simply famous for being famous. What remains an enigma is why we as a society are so infatuated with being entertained as well as with those who entertain us and appear in the media. This book makes sense of this spectacle by explaining the reasons for this obsession from a psychological, social, and historical perspective. It suggests that we have become addicted in much the same way that a person becomes addicted to drugs or alcohol. Finally, the author offers his observations on how to free our minds from this captivation. Anyone interested in understanding more about our need to live vicariously through the rich and famous will find answers in this book. **Small Screen, Big Feels** Melissa Ames, 2020-12-02 While television has always played a role in recording and curating history, shaping cultural memory, and influencing public sentiment, the changing nature of the medium in the post-network era finds viewers experiencing and participating in this process in new ways. They skim through commercials, live tweet press conferences, and award shows, and tune into reality shows to escape reality. This new era, defined by the heightened anxiety and fear ushered in by 9/11, has been documented by our media consumption, production, and reaction. In *Small Screen, Big Feels*, Melissa Ames asserts that TV has been instrumental in cultivating a shared memory of emotionally charged events unfolding in the United States since September 11, 2001. She analyzes specific shows and genres to illustrate the ways in which cultural fears are embedded into our entertainment, in series such as *The Walking Dead* and *Lost*, or critiqued through programs like *The Daily Show*. In the final section of the book, Ames provides three audience studies that showcase how viewers consume and circulate emotions in the post-network era: analyses of live tweets from Shonda Rhimes's drama *How to Get Away with Murder* (2010-2020), ABC's reality franchises *The Bachelor* (2002-present) and *The Bachelorette* (2003-present), and political coverage of the 2016 Presidential Debates. Though film has been closely studied through the lens of affect theory, little research has been done to apply the same methods to television. Engaging an impressively wide range of texts, genres, media, and formats, Ames offers a trenchant analysis of how audiovisual programming in the United States responded to and reinforced a cultural climate grounded in fear and anxiety. "Wake Up, Mr. West" Joshua K. Wright, 2022-01-14 Black celebrities in America have always walked a precarious line between their perceived status as spokespersons for their race and their own individual success, and between being not black enough for the black community or too black to appeal to a

broader audience Few know this tightrope walk better than Kanye West who transformed hip hop pop and gospel music redefined fashion married the world's biggest reality TV star and ran for president all while becoming one of only a handful of black billionaires worldwide Despite these accomplishments his polarizing behavior controversial alliances and bouts with mental illness have made him a caricature in the media and a disappointment among much of his fanbase This book examines West's story and what it reveals about black celebrity and identity and the American dream

An Ethnography of Urban Exploration Kevin P. Bingham, 2020-10-01 This book analyses a unique leisure world that has been built around a newly emerging phenomenon known as urban exploration the art of exploring human made environments which are generally abandoned or hidden from sight of the public eye Drawing on Michel Foucault's concept of heterotopia Bingham provides a detailed and critical investigation of urban exploration as a form of leisure that is about the coming together of drifting performers who in their celebration of rebellion and deviance are determined to find a sense of meaning and belonging The research considers the influence of consumer capitalism on urban explorers and the wider social economic and political context that shapes ideas of belonging and identity in the twenty first century By doing this the book analyses urban exploration as an activity that has emerged in a time when human ideas about culture individuality and community have transformed and solid modernity is gradually disintegrating around us This multi and interdisciplinary work will appeal to people with an interest in abnormal or deviant leisure as well as academics from sociology anthropology social geography leisure studies cultural studies sport and recreation and tourism

Voyeurism Simon Duff,2018-08-02 This book is amongst the first of its kind in presenting a case study of voyeurism from a forensic psychology perspective and within the societal context Simon Duff provides an in depth description of the assessment formulation and treatment of a voyeur and offers a theoretical basis for the behaviour The book begins by covering a variety of explanations and previous treatments for voyeurs including learning theories and the aversive treatments that they give rise to It then moves on to focus on one specific case study a young man who has exhibited diversity in his voyeuristic offending before examining relevant details of his experiences in order to develop a formulation of his thinking and behaviour The formulation and resultant intervention are clearly and accessibly presented followed by a discussion of how this case provides direction for further research developments in our theoretical basis for understanding voyeurism and directions for assessment and intervention

Where Have All the Heroes Gone? Bruce Peabody,Krista Jenkins,2017-02-14 Where Have All the Heroes Gone provides an analysis of heroism s application and meaning among political and media elites as well as the mass public over the past fifty years In asking what has happened to American heroes over this span it explores how heroes are used strategically by governing officials and providers of media content in ways that are frequently divergent from and even directly opposed to popular expectations

Hoping for a Happy Ending Christine Stapleton,2009-08 Christine Stapleton tells the heart wrenching story of her courageous fight against depression

The Articles of Alf William John Hatten,2018-01-06 This book brings to print a collection of past ignored feedback social topics issues that had appeared in news media outlets at the time That feedback response from the author also brought new information to those unresolved issues that continuously plague every Nation every generation They do require patient study as they are written from a spiritual understanding of the subject matter Because the present information coming out Education all Communication Mediums is incomplete It only contains the physical sourced facts in its content and not the spiritual sourced facts that underwrite all physical facts including life Until mankind finds a solution to address that shortcoming in our existing acquired knowledge we will not solve the social issues contained in this book Along with many other unresolved world problems that unknowingly mankind has also created into perpetuity A growing chaos that is also preventing mankind from creating a Unified World of Nations A Crossroads of Information in the title of this book is to indicate that the Articles contained in it are written from a spiritual understanding of their subject matter Not just a physical understanding of the subject matter Because physical and spiritual are two sides of the same coin of life One visible and known and one invisible and unknown Until the physical path of knowledge merges with the spiritual path of knowledge in

our education systems then life knowledge and education is incomplete in its understanding Therefore so are we as human beings
