Donato,2004 This investigation of J K Huysmans representation of temporality sheds light on the complex and paradoxical nature of this late nineteenth century novelist and art critic who was a modernist steeped in nostalgia as well as a nostalgic steeped in modernity To unveil and understand the mechanisms and logic of this paradox Elisabeth M Donato examines Huysmans characters dealings with measured time and schedules investigates the failure of des Esseintes aesthetic experiment and relates the novelist s construct of spiritualist naturalism to his increasingly frequent and intense longings for his own medieval utopia Donato s new perspective onto the intricate relationship between modernity and nostalgia underscores Huysmans firm and very modern stance rebours of commonality in his never ending search for a solution to his dilemma Céline and the Politics of Difference Rosemarie Scullion,Philip H.
