Departure From The Script:

Departure from the Script Jae, 2014-06-30 Aspiring actress Amanda Clark and photographer Michelle Osinski are two women burned by love and not looking to test the fire again And even if they were it certainly wouldn't be with each other Amanda has never been attracted to a butch woman before and Michelle personifies the term butch Having just landed a role on a hot new TV show she's determined to focus on her career and doesn't need any complications in her life After a turbulent breakup with her starlet ex Michelle swore she would never get involved with an actress again Another high maintenance woman is the last thing she wants and her first encounter with Amanda certainly makes her appear the type But after a date that is not a date and some meddling from Amanda's grandmother they both begin to wonder if it's not time for a departure from their usual dating scripts

Scripts People Live Claude Steiner, 2007-12-01 A stimulating and thought provoking guide to help you make productive and autonomous choices toward rewriting your life Los Angeles Times We choose a life script at an early age But you can change its course Whether born into wealth or poverty into nurturing families or damaged abusers fostered by strict parents or careless and undisciplined ones each individual still has a spiritual core that exists independent of the environment and is equally crucial to his or her destiny Countering the fundamental principle of psychiatry which asserts that emotional and mental distress comes from within Claude Steiner believes that people are innately healthy but develop a pattern early in life based upon negative or positive influences of those around them Those influences can rule every detail of our lives until our death Thus children decide however unconsciously whether they will be happy or depressed winners or failures strong or dependent caring or cruel and having decided they spend the rest of their lives making that decision come true For those who choose to live by their negative script the consequences can be disastrous unless they make a conscious decision to change In *Scripts We Live* Steiner tackles the puzzle of human fate He reveals what determines our life scripts and how each person's combination of spirit and circumstance contributes to the final path that life takes And he offers hopeful advice and practical analysis so that we all can rewrite for ourselves more meaningful and fulfilling lives

sentencing regimes around the world with powerful effects on sentence severity Although there has been some discussion of whether this practice can be justified within the literature on sentencing and penal theory this monograph provides the first comprehensive and in depth study of possible theoretical justifications Whilst the emphasis here is on theoretical justification the monograph also offers analysis of how normative conclusions would play out in the broader context of sentencing decisions and the guidance intended to structure them The conclusions reached have relevance for sentencing systems around the world
