

CCTV VIDEO TRAINING MANUAL

This manual is a guide to the use of the CCTV system. It is intended for use by all personnel who are responsible for the operation of the system. The manual contains information on the following topics:

- The purpose and objectives of the system
- The components of the system
- The operation of the system
- The maintenance of the system
- The security of the system
- The use of the system

The manual is divided into two main sections: the first section contains information on the purpose and objectives of the system, and the second section contains information on the operation, maintenance, security, and use of the system.
