Pillar of Fire ,1928 **Hinduism and the Man on the Cross** Norman Law,2023-10-10 The reason for writing this book is because of God s irrefutable love for the people of India through His only Begotten son Jesus Christ This book explores the records of archeology history of migration language and religion of Hinduism and the findings are astonishing in that it is not what we normally expect The author described the character and attributes of the six major Hindu deities Brahma Vishnu Shiva Indra Krishna and Rama as written in the ancient sacred Vedic Hindu texts Rig Veda Samaveda Yajur Black and White Vedas Atharva Veda Upanishads Bhagavad Gita Ramayana Mahabharata and the Puranas and they are definitely not as common beliefs or rumors passed down from generation to generation A comparison is made with the character and attributes of God as described in the Christian Bible Similarly the author explores the origin of Hinduism s major doctrines Krishna s claims the Samsara cycle Trimurti avatars dharma self realizations renunciation of and freedom from attachments yogic meditation demonic possession and minor doctrines like worship idol worship sin death incarnation castes hell curses women astrology etc as found in the ancient sacred Vedic texts as mentioned above and compared them with the theology doctrines and practices as found in the Christian Bible *The Bhāgavata Purāna* Ravi M. Gupta,Kenneth R. Valpey,2016-11-29 Formalized by the tenth century the expansive Bhagavata Purana resists easy categorization While the narrative holds together as a coherent literary work its language and expression compete with the best of Sanskrit poetry The text s theological message focuses on devotion to Krishna or Vishnu and its philosophical outlook is grounded in the classical traditions of Vedanta and Samkhya No other Purana has inspired so much commentary imitation and derivation The work has grown in vibrancy through centuries of performance interpretation worship and debate and has guided the actions and meditations of elite intellectuals and everyday worshippers alike This annotated translation and detailed analysis shows how one text can have such enduring appeal Key selections from the Bhagavata Purana are faithfully translated while all remaining sections of the Purana are concisely summarized providing the reader with a continuous and comprehensive narrative Detailed endnotes explain unfamiliar concepts and several essays elucidate the rich philosophical and religious debates found in the Sanskrit commentaries Together with the multidisciplinary readings contained in the companion volume *The Bhagavata Purana Sacred Text and Living Tradition* Columbia 2013 this book makes a central Hindu masterpiece more accessible to English speaking audiences and more meaningful to scholars of Hindu literature philosophy and religion
