Concepts of Cabralism Reiland Rabaka, 2014-07-16 By examining Amilcar Cabral's theories and praxes as well as several of the antecedents and major influences on the evolution of his radical politics and critical social theory *Concepts of Cabralism* Amilcar Cabral and Africana Critical Theory simultaneously reintroduces chronicles and analyzes several of the core characteristics of the Africana tradition of critical theory Reiland Rabaka's primary preoccupation is with Cabral's theoretical and political legacies that is to say with the ways in which he constructed deconstructed and reconstructed theory and the aims objectives and concrete outcomes of his theoretical applications and discursive practices The book begins with the Negritude Movement and specifically the work of Leopold Senghor Aimé Césaire and Jean Paul Sartre Next it shifts the focus to Frantz Fanon's discourse on radical disalienation and revolutionary decolonization Finally it offers an extended engagement of Cabral's critical theory and contributions to the Africana tradition of critical theory Ultimately *Concepts of Cabralism* chronicles and critiques revisits and revises the black radical tradition with an eye toward the ways in which classical black radicalism informs or should inform not only contemporary black radicalism African nationalism and Pan Africanism but also contemporary efforts to create a new anti racist anti sexist anti capitalist anti colonialist and anti imperialist critical theory of contemporary society what has come to be called Africana critical theory

Branches of Asanteism Abdul Karim Bangura, 2019-10-03 Branches of Asanteism explores the epistemologies and research methodologies that have sprung from Mwalimu Molefi Kete Asante s treatises on Afrocentricity The book identifies and analyzes thirteen such epistemologies and methodologies while defining and explicating the various branches of Asante s idea of Afrocentricity

Facing South to Africa Molefi Kete Asante, 2014-08-20 Facing South to Africa is a bold synthesis

of the ideas that have made Afrocentric theorists the leading voices of the African renaissance Written from the vantage point of the philosophical and political discourse that emerged over the past twenty five years this is a highly readable and accessible introduction to African social and cultural criticism Molefi Kete Asante engages in the practice of critical thinking by raising fundamental questions about how Africans view themselves and the world Tackling the themes of culture education social sciences the university politics African unity and the prospects for peace in Africa Facing South to Africa is a fresh daring and popularizing synthesis of the best critical thought on the issues of modern knowledge Asante's plan is to reorient our thinking on Africa by asking questions of Africa and Africans rather than imposing preconceived external ideas on African issues Steve Biko Tendayi Sithole,2016-07-26 Moving away from the domain of commemorative iconicity monumentalization and memorialization Sithole uses Steve Biko's meditations as a discursive intervention to understand black subjectivity The epistemological shift of this book is not to be bogged down by the cataloging of events something that is popular in the literature of Steve Biko and Black Consciousness Rather a theoretical imagination and conceptual invention is engaged upon in order to situate Biko within the existential repertoire of blackness as a site of subjectivity and not the object of study The theoretical imagination and conceptual invention fosters an interpretive approach and an ongoing critique that cannot reach any epistemic closure This is what decolonial meditations are all about opening up new vistas of thought and new modes of critique informed by epistemic breaks from empirical absolutism that reduce Biko to an epistemic catalogue It is in Steve Biko Decolonial Meditations of Black Consciousness that the black subject is engaged not only in the politics of criticism for its own sake but philosophy of existence **Conceptual Aphasia in Black** P. Khalil Saucier, Tryon P. Woods,2016-08-11 This book presents a metacritique of racial formation theory The essays within this volume explore the fault lines of the racial formation concept identify the power relations to which it inheres and resolve the ethical coordinates for alternative ways of conceiving of racism and its correlations with sexism homophobia heteronormativity gender politics empire economic exploitation and other valences of bodily construction performance and control in the twenty first century Collectively the contributors advance the argument that contemporary racial theorizing remains mired in antiblackness Across a diversity of approaches and objects of analysis the contributors assess what we describe as the conceptual aphasia gripping racial theorizing in our multicultural moment analyses of racism struck dumb when confronted with the insatiable specter of black historical struggle **A Soviet Journey** Alex La Guma,2017-04-18 In 1978 the South African activist and novelist Alex La Guma 1925 1985 published A Soviet Journey a memoir of his travels in the Soviet Union Today it stands as one of the longest and most substantive first hand accounts of the USSR by an African writer La Guma's book is consequently a rare and important document of the anti apartheid struggle and the Cold War period depicting the Soviet model from an African perspective and the specific meaning it held for those envisioning a future South Africa For many members of the African National Congress and the South African Communist Party the Soviet Union represented a political system that had

achieved political and economic justice through socialism a point of view that has since been lost with the collapse of the USSR and the end of the Cold War This new edition of *A Soviet Journey* the first since 1978 restores this vision to the historical record highlighting how activist intellectuals like La Guma looked to the Soviet Union as a paradigm of self determination decolonization and postcolonial development The introduction by Christopher J Lee discusses these elements of La Guma s text in addition to situating La Guma more broadly within the intercontinental spaces of the Black Atlantic and an emergent Third World Presenting a more expansive view of African literature and its global intellectual engagements *A Soviet Journey* will be of interest to readers of African fiction and non fiction South African history postcolonial Cold War studies and radical political thought

The Negritude Movement Reiland Rabaka, 2015-05-20 The Negritude Movement provides readers with not only an intellectual history of the Negritude Movement but also its prehistory W E B Du Bois the New Negro Movement and the Harlem Renaissance and its posthistory Frantz Fanon and the evolution of Fanonism By viewing Negritude as an insurgent idea to invoke this book s intentionally incendiary subtitle as opposed to merely a form of poetics and aesthetics The Negritude Movement explores Negritude as a traveling theory la Edward Said s concept that consistently crisscrossed the Atlantic Ocean in the twentieth century from Harlem to Haiti Haiti to Paris Paris to Martinique Martinique to Senegal and on and on ad infinitum The Negritude Movement maps the movements of proto Negritude concepts from Du Bois s discourse in *The Souls of Black Folk* through to post Negritude concepts in Fanon s *Black Skin White Masks* and *The Wretched of the Earth* Utilizing Negritude as a conceptual framework to on the one hand explore the Africana intellectual tradition in the twentieth century and on the other hand demonstrate discursive continuity between Du Bois and Fanon as well as the Harlem Renaissance and Negritude Movement The Negritude Movement ultimately accents what Negritude contributed to arguably its greatest intellectual heir Frantz Fanon and the development of his distinct critical theory Fanonism Rabaka argues that if Fanon and Fanonism remain relevant in the twenty first century then to a certain extent Negritude remains relevant in the twenty first century
