Connect Plus Economics With Learnsmartone Semester Access Card For Microeconomics:

Loose-leaf Microeconomics Principles + Connect Plus Access Card Campbell McConnell, Stanley Brue, Sean Flynn, 2010-02 McConnell and Brue's Microeconomics Principles Problems and Policies is the leading Principles of Microeconomics textbook. It continues to be innovative while teaching students in a clear unbiased way. The 18th Edition builds upon the tradition of leadership by sticking to 3 main goals: help the beginning student master the principles essential for understanding the economizing problem; specific economic issues and the policy alternatives help the student understand and apply the economic perspective and reason accurately and objectively about economic matters; and promote a lasting student interest in economics and the economy. Arthur O'Sullivan, Steven Sheffrin, Stephen Perez, 2011-08-08 For Principles of Microeconomics courses. Questions that drive interest; applications that illustrate concepts and the tools to test and solidify comprehension. Students come into their first Economics course thinking they will gain a better understanding of the economy around them. Unfortunately, they often leave with many unanswered questions. To ensure students actively internalize economics, O'Sullivan, Sheffrin, Perez use chapter opening questions to spark interest on important economic concepts; applications that vividly illustrate those concepts; and chapter ending tools that test and solidify understanding. **Microeconomics** Arthur O'Sullivan, Steven M. Stephen Slavin, 2013-06-21 Steve Slavin's lively and comprehensive Microeconomics 11e has a student-friendly step-by-step approach. As in previous editions, Slavin introduces more math review than other products to help students get past math phobias through consistent practice. The content is set up as a workbook encouraging students to fill in tables and graphs and work problems as they read to actively engage with the material. Matched with the extensive learning aids available in Connect, including the adaptive study tool LearnSmart, Slavin provides a complete learning environment for the introductory economics student. *Microeconomics Plus NEW MyEconLab with Pearson EText (1-Semester Access) -- Access Card Package* R.
