Created In Gods Image:

Created in God's Image Anthony A. Hoekema,1994-09-06 ccording to Scripture humankind was created in the image of God Hoekema discusses the implications of this theme devoting several chapters to the biblical teaching on God s image the teaching of philosophers and theologians through the ages and his own theological analysis Suitable for seminary level anthropology courses yet accessible to educated laypeople Extensive bibliography fully indexed **In God's Image** Tomer Persico,2025-07-22 The idea that all human beings were created in God s image was core to the creation of the modern West In God s Image examines the central role that the idea that all people were created in the image of God played in the development of Western civilization Focusing on five themes selfhood freedom conscience equality and meaning the book guides the reader through a cultural history of the West from ancient times through modernity It explains how each of these ideals was profoundly influenced by the central biblical conception of humanity s creation in God s image embracing an essential equality among all people while also emphasizing each human life s singularity and significance The book argues that the West and particularly Protestant Christianity grew out of ideas rooted deeply in this notion and that it played a core role in the development of individualism liberalism human rights discourse and indeed the secularization process Making the case for a cultural understanding of history the volume focuses on ideas as agents of change and challenges the common scholarly emphasis on material conditions Offering an innovative perspective on the shaping of global modernity In God s Image examines the relationship between faith and society and posits the fundamental role of the idea of the image of God in the making of the moral ideals and social institutions we hold dear today **In God's Image** Yair Lorberbaum,2015-03-02 Reconstructs the idea of the creation of man in the image of God attributed in the Midrash and the Talmud *Drama, Skits & Sketches* 3 Youth Specialties,2001 The next volume in the best selling Ideas Library this is a collection of 54 of the newest most creative youth group tested dramas skits and sketches ever imagined *Creation* Hans Schwarz,2002-10-22 Schwarz first surveys scientific explanations for the origins of the universe and of life and discusses the scientific understanding of matter space time and determinism He then reviews the history of Christian responses to science s discoveries including a summary of reactions from Christian scientists He completes his analysis with a proposal for the development of a Christian understanding of creation **BOOK JACKET** **The IVP Bible Background Commentary: Old Testament** John H. Walton,Victor H. Matthews,Mark W. Chavalas,2000-11-08 This unique commentary provides historical social and cultural background for each passage of the Old Testament From Genesis through Malachi this single volume gathers and condenses an abundance of specialized knowledge and includes a glossary maps and charts and expanded explanations of significant background issues *Philosophy of Religion* Keith E. Yandell,1999 In this lucid introduction to the philosophy of religion Keith Yandell covers central issues and figures as well as representative views from Judaism Christianity Islam Hinduism Buddhism and Jainism **Wrestling with God and Men** Steven Greenberg,2004-02-23 For millennia two biblical verses

have been understood to condemn sex between men as an act so abhorrent that it is punishable by death. Traditionally Orthodox Jews believing the scripture to be the word of God have rejected homosexuality in accordance with this interpretation. In 1999 Rabbi Steven Greenberg challenged this tradition when he became the first Orthodox rabbi ever to openly declare his homosexuality. *Wrestling with God and Men* is the product of Rabbi Greenberg's ten-year struggle to reconcile his two warring identities. In this compelling and groundbreaking work, Greenberg challenges long-held assumptions of scriptural interpretation and religious identity as he marks a path that is both responsible to human realities and deeply committed to God and Torah. Employing traditional rabbinic resources, Greenberg presents readers with surprising biblical interpretations of the creation story, the love of David and Jonathan, the destruction of Sodom, and the condemning verses of Leviticus. But Greenberg goes beyond the question of whether homosexuality is biblically acceptable to ask how such relationships can be sacred. In so doing, he draws on a wide array of nonscriptural texts to introduce readers to occasions of same-sex love in Talmudic narratives, medieval Jewish poetry and prose, and traditional Jewish case law literature. Ultimately, Greenberg argues that Orthodox communities must open up debate, dialogue, and discussion precisely the foundation upon which Jewish law rests to truly deal with the issue of homosexual love. This book will appeal not only to members of the Orthodox faith but to all religious people struggling to resolve their belief in the scriptures with a desire to make their communities more open and accepting to gay and lesbian members. 2005 Finalist for the Lambda Literary Awards for Religion/Spirituality.

Created in the Image of God Dr. David Dockery, 2023-08-01 All people have dignity because they are created in the image of God. This theological belief has been a liberating force among its believers, providing a myriad of beautiful implications in our world. On the other hand, where the idea of being created in God's image has been misunderstood, the implications can be devastating. *Created in the Image of God* brings together leading experts to discuss what it means to be made in the image of God and to bring clarity and guidance for implications in the midst of our cultural confusion. The overall approach of this work, though distinct and focused in each of the chapters, reflects a consensus understanding that men and women have been created in God's image, that they have fallen and are influenced by sin, that Christ has provided redemption through his vicarious death and resurrection, and that there is hope in the promise of eternal life in Christ. Christ succeeded where Adam failed. Rom 5:12-21, 1 Cor 15, allowing those who trust in him to enjoy and glorify him forever. The rich chapters within and their helpful application to human dignity issues will help our world to regain a sense of the marvelous privilege that is ours as image bearers and how that should impact our engagement with complex dignity issues of our day.

The Human Being Hans Schwarz, 2013-12-20 This overview of Christian anthropology by Hans Schwarz uniquely emphasizes three things: 1) the biblical testimony, 2) the historical unfolding of Christian anthropology through the centuries, and 3) the present affirmation of Christian anthropology in view of rival options and current scientific evidence. Schwarz begins by elucidating the special place occupied by human beings in the world, then ponders the complex

issue of human freedom and concludes by investigating humanity as a community of men and women in this world and in the world beyond. While maintaining a strong biblical orientation, Schwarz draws on a wide range of resources including philosophy and the natural sciences in order to map out what it means to be human. Schwarz's *Human Being* will interest anyone who is concerned with how, in the face of fascinating scientific insights, we can intelligently talk today about human sinfulness, human freedom, and human beings as children of the God who created us.
