Deng Xiaoping A Revolutionary Life:

Deng Xiaoping Alexander Pantsov, Steven I. Levine, 2015 This book covers the entire life of Deng Xiaoping Starting with his childhood and student years to the post Tiananmen era *Revolution and Dictatorship* Steven Levitsky, Lucan Way, 2024-10-29 Why the world's most resilient dictatorships are products of violent revolution *Revolution and Dictatorship* explores why dictatorships born of social revolution such as those in China Cuba Iran the Soviet Union and Vietnam are extraordinarily durable even in the face of economic crisis large scale policy failure mass discontent and intense external pressure Few other modern autocracies have survived in the face of such extreme challenges Drawing on comparative historical analysis Steven Levitsky and Lucan Way argue that radical efforts to transform the social and geopolitical order trigger intense counterrevolutionary conflict which initially threatens regime survival but ultimately fosters the unity and state building that supports authoritarianism Although most revolutionary governments begin weak they challenge powerful domestic and foreign actors often bringing about civil or external wars These counterrevolutionary wars pose a threat that can destroy new regimes as in the cases of Afghanistan and Cambodia Among regimes that survive however prolonged conflicts give rise to a cohesive ruling elite and a powerful and loyal coercive apparatus This leads to the downfall of rival organizations and alternative centers of power such as armies churches monarchies and landowners and helps to inoculate revolutionary regimes against elite defection military coups and mass protest three principal sources of authoritarian breakdown Looking at a range of revolutionary and nonrevolutionary regimes from across the globe *Revolution and Dictatorship* shows why governments that emerge from violent conflict endure **To the End of Revolution** Xiaoyuan Liu, 2020-07-07 The status of Tibet is one of the most controversial and complex issues in the history of modern China In *To the End of Revolution* Xiaoyuan Liu draws on unprecedented access to the archives of the Chinese Communist Party to offer a groundbreaking account of Beijing's evolving Tibet policy during the critical first decade of the People's Republic Liu details Beijing's overarching strategy toward Tibet the last frontier for the Communist revolution to reach He analyzes how China's new leaders drew on Qing and Nationalist legacies as they attempted to resolve a problem inherited from their predecessors Despite acknowledging that religion ethnicity and geography made Tibet distinct Beijing nevertheless forged ahead zealously implementing socialist revolution while vigilantly guarding against real and perceived enemies Seeking to wait out local opposition before choosing to ruthlessly crush Tibetan resistance in the late 1950s Beijing eventually incorporated Tibet into its sociopolitical system The international and domestic ramifications however are felt to this day Liu offers new insight into the Chinese Communist Party's relations with the Dalai Lama ethnic revolts across the vast Tibetan plateau and the suppression of the Lhasa Rebellion in 1959 Placing Beijing's approach to Tibet in the contexts of the Communist Party's treatment of ethnic minorities and China's broader domestic and foreign policies in the early Cold War *To the End of Revolution* is the most detailed account to date of Chinese thinking and acting on Tibet during the 1950s **Mental Maps**

in the Era of Détente and the End of the Cold War 1968-91 Jonathan Wright, Steven Casey, 2015-09-29 Mental Maps in the Era of Détente and the End of the Cold War recreates the way in which the revolutionary changes of the last phase of the Cold War were perceived by fifteen of its leading figures in the West East and developing world *The Conscience of the Party* Robert L. Suettinger, 2024-10-15 The definitive biography of Hu Yaobang who as general secretary of the Chinese Communist Party in the 1980s promoted popular reforms and took aim at Mao's personality cult When Hu's popularity and politics grew too dangerous for the party he was purged and suppressed in memory but not before his death inspired the Tiananmen demonstrations *The World's Westward March* Peter F. Krogh, 2020-06-25 In this book Peter F. Krogh examines the major events and individuals which figured prominently in the movement of centers of initiative and of the world's main axis of commerce and communication from East to West over the last five hundred years The book follows the westward migration of the world's center of gravity from China in the fifteenth century across Eurasia to the Near East onward to Europe and then to America and now to the Pacific Rim The focus is on historical figures who by virtue of their vision and action led the movement It highlights what unfolds when a powerful idea is embraced by a formidable individual who pursues the idea with uncommon ability and intensity Along the way the book identifies qualities that make for leadership on a grand scale which aspiring leaders may find instructive and even inspirational **Vietnam and the United States** Le Thuy Trang, 2021-12-27 This book examines the unfolding new relationship between Vietnam and the United States US since the end of the Cold War discussing how the relationship has emerged as one of the most intriguing facets of the regional geopolitical landscape and how the two countries turned from staunch adversaries to partners within the span of four decades after the end of the Vietnam War It explains in particular the interplay between international relations factors such as the US rivalry with China and domestic factors in both countries which the book argues are crucial to understanding the changing relationship Overall the book provides many insights into Vietnamese foreign policy and a rich context for those seeking to understand the prospects of closer Vietnam US ties or actually trying to broaden the vistas of bilateral cooperation between Hanoi and Washington The Cold War 1949-2016 Martin McCauley, 2017-05-18 Covering the development of the Cold War from the mid twentieth century to the present day The Cold War 1949-2016 explores the struggle for world domination that took place between the United States and the Soviet Union following the Second World War The conflict between these two superpowers shaped global history for decades and this book examines how this conflict developed into a nuclear arms race spurred much of the wider world towards war and eventually resulted in the collapse of the Soviet empire In this accessible yet comprehensive volume Martin McCauley examines not only the actions of the United States and the Soviet Union but also the effects upon and involvement of other regions such as Africa Central America Asia Europe and the Middle East Key themes include the Sino-Soviet relationship and the global ambitions of the newly formed People's Republic of China the rise and fall of communism in countries such as Cuba Angola and Ethiopia the US defeat in Vietnam the gradual

unravelling of the Soviet Union and the changing shape of the post Cold War world Providing a wide ranging overview of the main turning points of the conflict and illustrated throughout with photographs and maps this is essential reading for all students of the Cold War and its lasting global impact *Prestige, Manipulation, and Coercion* Joseph Torigian, 2022-05-10

How succession in authoritarian regimes was less a competition of visions for the future and more a settling of scores Joseph Torigian's stellar research and personal interviews have produced a brilliant meticulous study It fundamentally undermines what political scientists have presumed to be the way Chinese Communist and Soviet politics operate Dorothy J Solinger University of California Irvine The political successions in the Soviet Union and China after Stalin and Mao respectively are often explained as triumphs of inner party democracy leading to a victory of reformers over conservatives or radicals In traditional thinking Leninist institutions provide competitors a mechanism for debating policy and making promises stipulate rules for leadership selection and prevent the military and secret police from playing a coercive role Here Joseph Torigian argues that the post cult of personality power struggles in history's two greatest Leninist regimes were instead shaped by the politics of personal prestige historical antagonisms backhanded political maneuvering and violence Mining newly discovered material from Russia and China Torigian challenges the established historiography and suggests a new way of thinking about the nature of power in authoritarian regimes *Time to Lead* Jan-Benedict Steenkamp, 2020-09-15

Where is leadership when we need it What can today's corporate non profit military and public service leaders learn from daring decisions that changed history In *Time to Lead* Jan Benedict Steenkamp presents a fresh examination of history making leaders by holding a magnifying glass up to a life changing dilemma each of them faced What we learn is how powerful the personalities of leaders and their decision making processes can be in determining the course of human events and the fates of millions of people Steenkamp explains how these great men and women arrived at the solutions to the problems they confronted by virtue of their character traits and whether they were foxes or hedgehogs as in the ancient parable or as he further categorizes eagles or ostriches Sixteen carefully curated case studies hold powerful lessons that today's leaders can apply in their own professional lives Readers will recognize Roosevelt Washington Mandela Thatcher Alexander the Great and MLK but other lesser known leaders such as Themistocles Clovis Peter Fisher and Nightingale provide equally valuable insights into how individuals make decisions based upon one of seven leadership styles adaptive persuasive directive disruptive authentic servant and charismatic and four personality classifications hedgehog fox eagle or ostrich Steenkamp's assessment tools provide seasoned and aspiring leaders alike with the means to not only determine their own individual styles but how to step up when they inevitably come face to face with their own moments of truth Chapter takeaways leadership principles and open ended reflective questions will confer encouragement enrichment and empowerment on readers when they realize they can utilize the same tactics as these leaders in their own lives *Time to Lead* is about great men and women their actions in leadership that have withstood the test of time what we can learn from them and the lessons that are relevant for us here and
