Chiasms Merleau Pontys Notion Of Flesh:

Chiasms Professor Fred Evans, Fred Evans, Leonard Lawlor, Professor Leonard Lawlor, 2000-09-14 Leading scholars explore the later thought of Merleau Ponty and its central role in the modernism postmodernism debate **Understanding Merleau-Ponty, Understanding Modernism** Ariane Mildenberg, 2018-12-13 Understanding Merleau Ponty Understanding Modernism brings into dialogue Maurice Merleau Ponty s phenomenology with modernist art literature music film and neurophysiological discoveries opening up the complexities of the philosopher s phenomenology of perception to a broader audience across the arts An important resource for anyone interested in the links between modernism and philosophy Understanding Merleau Ponty Understanding Modernism offers close readings of Merleau Ponty s key texts explores modernist works in light of his thought and provides an extended glossary of Merleau Ponty s central terms and concepts

Merleau-Ponty and Modern Politics After Anti-Humanism Diana Coole, 2007-08-28 In this book Diana Coole shows how existential phenomenology illuminates and enlivens our understanding of politics With breadth of vision and penetrating insight Coole demonstrates that political questions were always central to Merleau Ponty s philosophical project She also shows how Merleau Ponty s concern with contingency anticipated arguments by thinkers such as Derrida Foucault and Deleuze while sustaining a robust sense of politics as the domain of collective life Jacket *Chiasmatic Encounters* Kuisma Korhonen, Arto Haapala, Sara Heinämaa, Kristian Klockars, Pajari Räsänen, 2018-01-02 The concept of chiasm has played major role in continental philosophy where it has referred to various phenomenological and hermeneutic structures of reversibility intertwining and encounter In Chiasmatic Encounters Art Ethics Politics fourteen international contributors representing various fields of expertise analyze this central concept and its significance for contemporary cultural theory The authors discuss the work of major philosophers like Merleau Ponty Beauvoir Habermas Levinas Derrida and Deleuze adapting their ideas of chiasmatic relations to cultural analysis As the internal and external horizons of perception and experience are intertwined and reversed various cultural texts like a Vermeer painting a symphony of Sibelius a David Lynch movie or a young girl walking in her summer dress are seen from new and unexpected angles The book also addresses the chiasmatic crossing between ethics and politics between unconditional ethical responsibility and always conditional political choices Representing the cutting edge of contemporary cultural theory and interdisciplinary thinking Chiasmatic Encounters is essential reading for anyone working in continental philosophy aesthetics or political theory *James Joyce and the Phenomenology of Film* Cleo Hanaway-Oakley, 2017-06-23 James Joyce and the Phenomenology of Film reappraises the lines of influence said to exist between Joyce s writing and early cinema and provides an alternative to previous psychoanalytic readings of Joyce and film Through a compelling combination of historical research and critical analysis Cleo Hanaway Oakley demonstrates that Joyce early film makers and phenomenologists Maurice Merleau Ponty in particular share a common enterprise all are concerned with showing rather than explaining the inherence of the self in the world Instead of

portraying an objective neutral world bereft of human input Joyce the film makers and the phenomenologists present embodied conscious engagement with the environment and others they are interested in the world as it is lived and transcend the seemingly rigid binaries of seer seen subject object absorptive theatrical and personal impersonal This book re-evaluates the history of body and spectator focused film theories placing Merleau-Ponty at the centre of the discussion and considers the ways in which Joyce may have encountered such theories In a wealth of close analyses Joyce's fiction is read alongside the work of early film makers such as Charlie Chaplin Georges Méliès and Mitchell and Kenyon and in relation to the philosophical dimensions of early cinematic devices such as the Mutoscope the stereoscope and the panorama By putting Joyce's literary work Ulysses above all into dialogue with both early cinema and phenomenology this book elucidates and enlivens literature film and philosophy

Transforming Politics with Merleau-Ponty Jérôme Melançon, 2021-05-25 The contributors to this book offer productive new readings of Merleau-Ponty's political philosophy and of other facets of his thought They each deploy his theories to adopt a critical stance on urgent political issues and contemporary situations within society Each essay focuses on a different aspect of political transformation be it at the personal social national or international level The book as a whole maps out possibilities for thinking phenomenologically about politics without a sole focus on the state turning instead toward contemporary human experience and existence

Gendered Bodies and New Technologies Amanda du Preez, 2009-10-02 In this era of ubiquitous information flow heightened mobility and limitless consumer convenience human interaction with new technologies has become increasingly seamless In the process the human body is effectively and steadily reduced to just another interface or a second life so to speak What is easily forgotten during this translucent transaction is that being human also necessarily implies being embodied In other words to constitute a body in its non negotiable physicality is still what it entails to be human amongst other things To live daily in and through the complicated and dynamic intersection between mind and body psychology and physiology also known as embodiment is what makes us human

Sex, Breath, and Force Ellen Mortensen, 2006-01-01 Living in the post modern age there is a growing sentiment of disenchantment in relation to the

most facile aspects of dogmatic feminism Nevertheless the question of sexual difference still remains Sex Breath and Force asks how we should approach such a questioning today given the fall of the great narratives and the plethora of theoretical discourses in circulation What are the conditions of possibility for thinking of sexual difference as a foundational problem in the age of technology And how do the disciplines of social science literary studies philosophy and film studies answer this challenge This collection of essays provides a reassessment of the question of sexual difference taking into account important shifts in feminist thought post humanist theories and queer studies The contributors offer new and refreshing insights into the complex question of sexual difference from a post feminist perspective and how it is reformulated in various related areas of study such as ontology epistemology metaphysics biology technology and mass media *Race as Phenomena* Emily S. Lee, 2019-07-09 This book introduces and explores the relation between race and phenomenology through varied African American Latina Asian American and White American perspectives Phenomenology is best known as a descriptive endeavor to more accurately describe our experience of the world These essays examine the ways in which this relation between phenomenology and race acts as a site of racial meaning Philosophy of race conceives race as a social construction Because of the sedimentation of racial meaning into the very structure and practices of society the socially constructed meanings about features of the body are mistaken as natural Hence although racial meaning is theoretically recognized as socially constructed during an every day interaction racial meaning is mistaken as inevitable and natural Ideal for advanced students in phenomenology and philosophy of race this volume pushes the phenomenological method forward by exploring its relation to questions within philosophy of race
