Miguel Pendás

Chicano Liberation And Socialism

Mike Gonzalez

Chicano Liberation And Socialism:

Chicano Liberation and Socialism Miguel Pendás, 1976 By joining in the struggle for socialism Chicanos will not only be better able to further the liberation of their people they will be making the greatest contribution possible to the liberation of all of the oppressed peoples of the world from racism capitalism and imperialism Miguel Pendas **The Politics of Chicano Liberation** Olga Rodríguez, Socialist Workers Party, 1977 Lessons from the rise of the Chicano movement in the United States in the 1960s and 1970s which dealt lasting blows against the the oppression of the Chicano people Presents a fighting program for those determined to combat divisions within the working class based on language and national origin and build a revolutionary movement capable of leading humanity out of the wars racist assaults and social crisis of capitalism in its decline The Struggle for Chicano Liberation Socialist Workers Party, 1972 **Viva La Raza!** Luciano Valencio Silva, 1970 **Aztlán** Rudolfo Anaya, Francisco A. Lomelí, Enrique R. Lamadrid, 2017-04 This expanded new edition of the classic 1989 collection of essays about Aztlán weighs its value **The Theory and Practice of Communism** United States. Congress. House. Committee on Internal Security, 1974 **The Plot to Change America** Mike Gonzalez, 2022-06-14 The Plot to Change America exposes the myths that help identity politics perpetuate itself This book reveals what has really happened explains why it is urgent to change course and offers a strategy to do so Though we should not fool ourselves into thinking that it will be easy to eliminate identity politics we should not overthink it either Identity politics relies on the creation of groups and then on giving people incentives to adhere to them If we eliminate group making and the enticements we can get rid of identity politics The first myth that this book exposes is that identity politics is a grassroots movement when from the beginning it has been and continues to be an elite project For too long we have lived with the fairy tale that America has organically grown into a nation gripped by victimhood and identitarian division that it is all the result of legitimate demands by minorities for recognition or restitutions for past wrongs The second myth is that identity politics is a response to the demographic change this country has undergone since immigration laws were radically changed in 1965 Another myth we are told is that to fight these changes is as depraved as it is futile since by 2040 America will be a minority majority country anyway This book helps to explain that none of these things are necessarily true **Making Aztlán** Juan Gómez-Quiñones, Irene Vásquez, 2014-04-30 This book provides a long needed overview of the Chicana and Chicano movement's social history as it grew flourished and then slowly fragmented The authors examine the movement's origins in the 1960s and 1970s showing how it evolved from a variety of organizations and activities united in their quest for basic equities for Mexican Americans in U S society Within this matrix of agendas objectives strategies approaches ideologies and identities numerous electrifying moments stitched together the struggle for civil and human rights Gómez Quiñones and Vásquez show how these convergences underscored tensions among diverse individuals and organizations at every level Their narrative offers an assessment of U S society and the Mexican American community at a critical time offering a unique

understanding of its civic progress toward a more equitable social order César Chávez Ilan Stavans, 2010-02-09 Labor leader social justice advocate Chicano leader and humanitarian are only some of the multifaceted renderings of C sar Ch vez Ilan Stavans has compiled essays and first person narratives that capture the multiple dimensions of this storied figure To that end Stavans s collection of timely articles separates fact from fiction or as he puts it the objective is the opposite of hagiography Broken into two sections C sar Ch vez explores a variety of topics central to understanding the actual person instead of a shadowy apparition The first part Considerations offers critical assessments of Ch vez s life that utilize different approaches to understanding his life including cultural studies critiques historical narrative that provide invaluable context and even eulogies following his untimely death The second section Voices includes personal reflections on Ch vez s life that explore his religiosity his role as an everyman and the decline of the United Farm Workers union The title is certain to assist readers in better comprehending this groundbreaking labor leader *Hearings, Reports and Prints of the House Committee on Internal Security* United States. Congress. House. Committee on Internal Security, 1973
