Learning to Change the World Walter Bender,Charles Kane,Jody Cornish,Neal Donahue,2025-09-23 UNESCO estimates that eleven percent of primary school age children seventy two million worldwide are not enrolled in or attending school Children who do attend may find themselves in schools that lack adequate space facilities or resources impossible situations for learning It is against this backdrop of profound need that One Laptop per Child OLPC emerged in 2005 The mission of the organization is to empower the children of developing countries to learn They created the first affordable netbook specifically built to withstand harsh climates and the handling of young children the bright green and white XO At the 2005 World Economic Forum Nicholas Negroponte the MIT researcher who co founded the Media Lab and OLPC introduced the XO laptop to the world and described a new approach to changing education in developing countries First children must have access to information through low cost data communications and the tools to educate themselves affordable computers and learning software Secondly the fundamental approach to education must shift from passive

knowledge acquisition to active construction of knowledge learning how to learn Thirdly OLPC planned to build an organization with the capability to deliver these computers and support these shifts globally It was an audacious vision of how to bring about a massive educational change Learning to Change the World is the story of One Laptop per Child a story that will resonate with entrepreneurs and social innovators in any field OLPC is an example of a non profit organization with aspirations for systemic change on a global scale yet wrestling with tough questions that will be familiar to any social entrepreneur how to ensure market forces support the scale up of a social program how to balance the need to repeat past successes but still leave room for innovation how to leverage a network to expand impact beyond your original capabilities and how to help people without creating dependence The authors set out to tell the real story of their journey both successes and failures For both ardent supporters and critics alike this book presents both an invitation and a challenge to set aside preconceived notions about OLPC and read the inside story of the origins and evolution of the organization
