Children The Challenge By Dreikurs Rudolf Stolz Vicki 1987:

Children: the Challenge Rudolf Dreikurs, Vicki Stolz, 1991-12-26 Children The Challenge gives the key to parents who seek to build trust and love in their families and raise happier healthier and better behaved children Based on a lifetime of experience with children their problems their delights their challenges Dr Rudolf Dreikurs one of America s foremost child psychiatrists presents an easy to follow program that teaches parents how to cope with the common childhood problems that occur from toddler years through early adolescence This warm and reassuring reference helps parents to understand their children s actions better giving them the guidance necessary to discipline lovingly and effectively all while fostering a healthy environment in which children will grow and develop into successful teenagers and adults Homecoming John Bradshaw, 2013-04-24 In this powerful book the 1 New York Times bestselling author of Reclaiming Virtue shows how we can learn to nurture our inner child and offer ourselves the good parenting we needed and longed for Are you outwardly successful but inwardly feel like a big kid Do you aspire to be a loving parent but too often lose it in hurtful ways Do you crave intimacy but sometimes wonder if it s worth the struggle Are you plagued by constant vague feelings of anxiety or depression If any of this sounds familiar you may be experiencing the hidden but damaging effects of a painful childhood carrying within you a wounded inner child who is crying out for attention and healing John Bradshaw s step by step process of exploring the unfinished business of each developmental stage helps us break away from destructive family rules and roles freeing ourselves to live responsibly in the present Then says Bradshaw the healed inner child becomes a source of vitality inviting us to find new joy and energy in living Homecoming includes a wealth of unique case histories and interactive techniques including questionnaires guided meditations affirmations and letter writing to the inner child These classic therapies which were pioneering when introduced continue to be validated by new discoveries in attachment research and neuroscience No one has ever brought them to a popular audience more effectively and inspiringly than John Bradshaw

Creating Love John Bradshaw, 2013-04-24 Why are so many of us at times completely baffled by a relationship How can we think we know someone so well and admit in the end that we hardly knew that person at all Why do many people who work diligently and strenuously to gain wholeness and balance still feel so frustrated about having a fulfilling relationship Why have so many people given up on love from the Prologue John Bradshaw s bestselling books and compelling PBS series have touched and changed millions of lives Now in Creating Love he offers us a new way to understand our most crucial relationships with our romantic partners and spouses with our parents and children with friends and co workers with ourselves and with God Bradshaw s compassionate approach shows that many of us have been literally entranced by past experiences of counterfeit love so we unknowingly re create patterns that can never fulfill us Here he provides both the insights and the precise tools we need to keep those destructive patterns from repeating in the present And then he shows how we can open ourselves to the soul building work of real love and create healthy loving relationships where we can be
