1. **Power-suggesting method.** Subject sees the "strong" or other button with and suggests "strong" or "other" by following the instructing rule with suggesting-answers, and then the subject continues to know the "strong" or "other" button is correct as the subject's answer shows in this question: "If I were the 'strong' button, my answer with no-suggesting-answers."

Regulating marriage was always the objective of parents: a marriage that produced a son with no ill effects was essential to the survival of the Chinese family. Thus, premarital steps were taken to ensure that the bride and groom were suitable. In the past, the bride's parents would send a dowry to the groom's family, and the groom's family would send a bride price to the bride's family. The dowry and bride price were used to help the bride and groom start their new life. The dowry and bride price were also used to help the bride and groom start their new life. The dowry and bride price were also used to help the bride and groom start their new life.
