Caste Ideology And Interaction Cambridge Papers In Social Anthropology:

Caste Ideology and Interaction Dennis B. McGilvray, 1982-09-02 Following the publication of the book by E R Leach ed Aspects of Caste in South India Ceylon and North West Pakistan 1960 much additional information was gathered on caste hierarchies in South Asia and two major attempts were made to identify the underlying unity of this material a structuralist one by Louis Dumont and a ethnosociological one by McKim Marriott et al This quest for unity seemed attractive yet at the same time as the contributions to the present volume indicate premature The four papers collected here and published in 1982 are all concerned with caste ideology and caste interaction in different locales of South Asia

Dalit Theology and Dalit Liberation Peniel Rajkumar, 2016-05-13 In fulfilling the long awaited need for a constructive and critical rethinking of Dalit theology this book offers and explores the synoptic healing stories as a relevant biblical paradigm for Dalit theology in order to help redress the lacuna between Dalit theology and the social practice of the Indian Church Peniel Rajkumar s starting point is that the growing influence of Dalit theology in academic circles is incompatible with the praxis of the Indian Church which continues to be passive in its attitude towards the oppression of the Dalits both within and outside the Church The theological reasons for this lacuna between Dalit theology and the Church s praxis Rajkumar suggests lie in the content of Dalit theology especially the biblical paradigms explored which do not offer adequate scope for engagement in praxis

Caste and Class Ideology in Contemporary India Vikramendra Kumar, 2025-03-02 This volume explores contemporary caste dynamics in India combining theoretical insights with rich empirical evidence It offers an insightful examination of how caste practices particularly concerning marginalized communities or Dalits have transformed over the years The book delves into the persistent yet evolving nature of caste hierarchies highlighting both progress and ongoing challenges these communities face in their quest for autonomy and dignity It examines how Dalits navigate social power imbalances face social boycotts and violent resistance despite breaking free from traditional dependency It provides a nuanced account of the intersection between religion and caste exploring movements like Ad Dharm and the establishment of community centers for worship and social activities The volume also sheds light on the shifting political landscape discussing the rise of backward castes and the increasing assertion of Dalit identity By drawing parallels between caste and race ethnicity studies it delves into how caste identities continue to perpetuate economic and social inequalities This book is a crucial resource for scholars students and anyone interested in understanding the complexities of caste and class in modern India

Identity, Gender, and Poverty Maya Unnithan-Kumar, 1997 Most studies of the so called tribal communities in India stress their social economic and political differences from communities that are organized on the basis of caste It was this apparent contrast between tribal and caste lifestyle and moreover the paucity of material on tribal groups that motivated the author to undertake this study of a poor tribal community the Girasia in northwestern India While carrying out her fieldwork the author soon became aware that the traditional tribe caste categories needed to be revised in fact she found them more often than

not to be constructs by outsiders mostly academic Of greater importance for an understanding of the Girasia was the wider and more complex issue of self perception and identification by others that must be seen in the context of their poverty as well as in the strategic and shifting use of kinship gender and class relations in the region **Sri Lankan Tamil**

Nationalism A. Jeyaratnam Wilson, Alfred Jeyaratnam Wilson, 2000 Through a succession of key stages since Sri Lanka formerly Ceylon became independent in 1948 its Tamil minority historically concentrated in the north and east but with an important segment in Colombo became alienated from the Sinhalese majority and after peaceful opposition failed to secure its rights resorted to an armed struggle The Tamil Tigers LTTE today appear to hold the key to their people s future While they have suffered setbacks including the loss of the Tamil capital Jaffna they remain a potent guerrilla force able to strike with impunity at both military and civilian targets The Tigers grip on the Tamil population seems secure as does their overseas support and funding from Tamil exiles in Britain Canada and Australia This book offers a concise history of the Sri Lankan Tamil nation its culture social make up and political evolution In a final chapter A J V Chandrakanthan gives a first hand account of life and attitudes inside the embattled Tamil areas today A Jeyaratnam Wilson teaches in the Department of Political Science at the University of New Brunswick He is the author of *The Break Up of Sri Lanka* and S J V Chelvanayakam and the Crisis of Sri Lankan Tamil Nationalism A J V Chandrakanthan teaches in the Department of Theology at Concordia University Montreal Caste and Class in India Kanhaiya Lal Sharma, 1994 Contributed articles **Inequality in New**

Guinea Highlands Societies Andrew Strathern, 2009-07-16 Strathern s illuminating study of the inequalities amongst the Highland societies of Papua New Guinea is now reissued with a new preface The five papers in this volume seek to set these inequalities into a context of long term and recent social changes that aim to develop schemes of analysis which will permit discussion of the societies over extended periods of time **Journal of the Institute of Asian Studies** , 1986 *The*
