Codex Judaica Máttis Kantor,2005 *CODEX JUDAICA Digest* Mattis Kantor,2019-05-16 An abbreviated version of the classic best seller CODEX JUDAICA Chronological Index of JEWISH HISTORY An extract of the generational charts and maps

The CODEX JUDAICA Digest Mattis Kantor,2019-06-21 This book is an abbreviated version of the best seller CODEX JUDAICA a Chronological Index of JEWISH HISTORY which covers the span of 5 000 years **Codex Judaica** Máttis Kantor,2005 The Holy Bible "Chronicle" of Sequential Biblical Events Robert Killian,2012-09 Most of us have wondered sometime during our lifetime about when Adam and Eve were really expelled from paradise in the Garden of Eden Can we find a verifiable and replicable answer to this question Most of us have questioned sometime during our lifetime the accepted sequential biblical timeline of Archbishop James Ussher who claimed that 4004 BC was the actual date for that initial biblical event in our current holy scriptures Was he right Most of us have questioned sometime in our lifetime how the Hebrew s accepted claim that 3761 BC could be the actual date for Adam s expulsion Were they right Can we find a way to reconstruct the complete Hebrew Bible timeline from Adam s expulsion from paradise to our day Is this possible Who believes that it can be done Well it has been done Here is how it is done To reconstruct the Hebrew Bible timeline we need to know only the simple math formula that they used The employment of this simple formula shall enable us to rebuild that same sequential biblical timeline block by block in the exact same fashion that the Jewish people use from the beginning at Adam s expulsion from paradise in the Garden of Eden The formula used in reconstructing an actual count of the Hebrew Bible is found below 7 7 49 10 490 10 4 900 solar years 7 7 49 1 50 10 500 10 5 000 lunar years Since both of these 49 solar and 50 lunar periods of time contain 18 200 days approx we can then post the number of any given sequential biblical event in its designated year position on a side by side comparison chart If we post the number in this fashion it will show us exactly when and where on the timeline chart there is an error in the sequential computations of any sequential biblical event that is propounded by any biblical chronologist past or present In this present book we find that the Ussher biblical timeline is 112 years too early And the Hebrew biblical timeline of Codex Judaica is 131 years too late Obviously 3892 BC is the only year number that can work for a verifiable timeline This book The Holy Bible Chronicle of Sequential Biblical Events by Robert P Killian is the fruit of over seventy year search for that verifiable and replicable answer to the long sought question Can the Ussher biblical timeline be trusted The TRUE Bible Timeline R. Craig Bridgforth,2021-03-10 It is becoming increasingly popular among the intelligentsia to claim that treasured Bible history is nothing more than a myth Proponents conclude that since the church is unsure of when these events transpired perhaps they never happened in the first place Unfortunately this alarming trend appears to be gaining more acceptance in our seminaries and churches The True Bible Timeline seeks to dispel such notions by providing an accurate resource to properly date the Old Testament The result of a five year long project it accurately establishes and painstakingly documents the dates of key Bible figures and events starting with the Creation of Adam and

ending at the Cross of Christ The complete chronology for 200 Bible events is included in the appendix Guided by His Wisdom author R Craig Bridgforth built this timeline through a meticulous process that allowed him to produce a trustworthy and accurate resource that will enrich studies of the Old Testament with new understanding and insight Developed almost entirely from Scripture this reference guide provides a reliable chronology of events and figures from the Old Testament
