breast pumps Lepore argues that the age of discovery Darwin and the Space Age turned ideas about life on earth topsy turvy New worlds were found she writes and old paradises were lost As much a meditation on the present as an excavation of the past *The Mansion of Happiness* is delightful learned and altogether beguiling Migrant Representations Peter Leese, 2022-01-15 *Migrant Representations* pairs twenty four carefully selected histories in order to compare how migrants themselves Irish labourer Lithuanian refugee or Indian doctor and their social investigators capture in words and images defining private and historical moments These comparative case studies from the 1780s to the 2000s explore how migrants constructed their own narratives of mobility and settlement through procedures of reflecting remembering and recording Moreover these studies examine how speech writing and picture were used for instance by a missionary social scientist or activist to make outside representations of the migrant Such life stories social surveys and pictures emerge as alternative archives Leese's transnational cultural history considers life story forms and their uses the tension between external surveillance and self observation the power of narratives to afford legibility and acknowledgement Leese argues that historically and in the present first person migrant stories and outsider investigations create a continuous charged exchange of views where both migrant and observer negotiate position authority authenticity and potential advantage Within the history of migrant representations this exchange generates a persistent subversive strain of opposition and critique Such self observations observations of others and images never settle Working Girls in the West Lindsey McMaster, 2008-07-01 As the twentieth century got under way in Canada young women who entered the paid workforce became the focus of intense public debate Young wage earning women working girls embodied all that was unnerving and unnatural about modern times the disintegration of the family the independence of women and the unwholesomeness of city life These anxieties were amplified in the West Long after eastern Canada was considered settled and urbanized the West continued to be represented as a frontier where the idea of the region as a society in the making added resonance to the idea of the working girl as social pioneer Using an innovative interpretive approach that centres on literary representation Lindsey McMaster takes a fresh look at the working heroine of western Canadian literature alongside social documents and newspaper accounts of her real life counterparts *Working Girls in the West* heightens our understanding of a figure that fired the imagination of writers and observers at the turn of the last century **The Girls' Diary Project** Shannon McFerran, Daniel George Scott, 2013 The Woman Question and George Gissing James Haydock, 2015-03-17 Even though his books never sold as well as those of more popular novelists women in particular liked George Gissing's work and often wrote to him for advice They could see he was keenly interested in the lives of women and the long struggle to improve their condition in a gender restrictive society dominated by males Though Gissing tried to champion the women's cause he did not entirely succeed Perhaps he was too close to the changes affecting women to understand their situation fully Perhaps with individual women a tenacious idealism blurred his vision Perhaps the facts of his life and experience prevented a balanced judgment Yet if he could say at the end of

his career that he knew nothing at all about women it was not because he had failed to write about them or to make a thorough study of them Gissing used the woman question of his day to create female characters as much alive now as when he first began to write *The Queen of Hearts* ,1820 [The Queen of Hearts](#) Wilkie Collins,2025-08-18 Reproduction of the original The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage
