

Dickens, waar zijn uw spoken?

In deze bundel zijn de belangrijkste geschriften, die Godfried Bomans over Charles Dickens (1812—1870) heeft geschreven, bijeengebracht.

Godfried Bomans, geboren op 2 maart 1913, was een groot kenner en bewonderaar van Dickens en de eerste en enige buitenlandse vice-president van de Dickens Fellowship te Londen. Hij had ook veel met de wereldberoemde Engelse schrijver gemeen. Groot succes oogstte Dickens met voorlezingen uit eigen werk. Datzelfde gold voor Godfried Bomans, die vooral door zijn veelvuldig optreden in televisieprogramma's een ongekende populariteit genoot. Zou hij een voorgevoel van zijn levenseinde hebben gehad toen hij in *Capriolen* schreef over Dickens' 'wilde Odyssee van voordracht naar voordracht die hem ten slotte sloopte'?

Immers, hetzelfde kan gezegd worden van Godfried Bomans, die op dezelfde leeftijd als Charles Dickens, 58 jaar oud, en even plotseling, op 22 december 1971, overleed.

Deze bundel, waarvan de titel is ontleend aan een zin uit *Buitelingen*, is bedoeld als een postume hulde aan één van de fijnzinnigste en gevoeligste hoofs-humoristische schrijvers die ons land ooit heeft bezeten, zoals hijzelf in de thans gebundelde stukken hulde brengt aan zijn vereerde meester: 'Het gaat bij Dickens niet, evenmin als bij welke goede schrijver ook, om de gebeurtenissen. Het gaat om de manier waarop die gebeurtenissen verteld worden, de toon, de stijl, kortom de persoonlijkheid van de schrijver.'

Datzelfde geldt woord voor woord voor Godfried Bomans.

The Reception of Charles Dickens in Europe Michael Hollington, 2013-08-29 The Reception of Charles Dickens in Europe offers a full historical survey of Dickens's reception in all the major European countries and many of the smaller ones filling a major gap in Dickens scholarship which has by and large neglected Dickens's fortunes in Europe and his impact on major European authors and movements Essays by leading international critics and translators give full attention to cultural changes and fashions such as the decline of Dickens's fortunes at the end of the nineteenth century in the period of Naturalism and Aestheticism and the subsequent upswing in the period of Modernism in part as a consequence of the rise of film in the era of Chaplin and Eisenstein It will also offer accounts of Dickens's reception in periods of political upheaval and revolution such as during the communist era in Eastern Europe or under fascism in Germany and Italy in particular

Translation through grammar P. J. E. Hyams, H. Chr. Wekker, 2013-11-11 Alltranslation is a compromise the effort to be literal and the effort to be idiomatic Benjamin Jowett 1817-93 This book is designed to provide intermediate and advanced students of English with practice in the translation of Dutch texts into English It contains fifty prose passages most of them taken from recent Dutch novels or journals all of them tried out on several generations of our own students in the pre-kandidaatsfase of their studies at the English Department of the University of Nijmegen In these respects it is not spectacularly different from many other books of its kind We have however tried to offer the student rather more support in his translation work than is usually done each text is provided with a suggested translation of the first few lines and with notes containing information on grammar and idiom sometimes preceded by supplementary material from British or American sources The second part of the book comprises a short contrastive grammar specially written to meet the needs of the user In this way we hope to offer a self-contained translation course which reinforces the interdependence of grammar vocabulary textual interpretation and style Most of the texts in this book are reproduced in substantially the same form and wording as in the original sources In some cases editing was necessary in order for example to reduce long articles to more manageable proportions In no cases however were we moved to doctor the originals in order to disambiguate them or to make them easier to translate *De spoken van Godfried Bomans* Jeroen Brouwers, 1982 Essay over het werk van de Nederlandse schrijver 1913-1971
