McClendon III, 2017-07-03 Most white philosophers of religion generally presume that philosophy of religion is based on what is a false universality whereby the white Western experience is paradigmatic of humanity at large The fact remains that Howard Thurman James H Cone and William R Jones among others have produced a

substantial amount of theological work quite worthy of consideration by philosophers of religion Yet this corpus of thought is not reflected in the scholarly literature that constitutes the main body of philosophy of religion Neglect and ignorance of African American Studies is widespread in the academy By including chapters on Thurman Cone and Jones the present book functions as a corrective to this scholarly lacuna

Moses the Egyptian in the Illustrated Old English Hexateuch (London, British Library Cotton MS Claudius B.iv) Herbert R. Broderick, 2017-11-15 In *Moses the Egyptian* Herbert Broderick analyzes the iconography of Moses in the famous illuminated eleventh century manuscript known as the Illustrated Old English Hexateuch A translation into Old English of the first six books of the Bible the manuscript contains over 390 images of which 127 depict Moses with a variety of distinctive visual attributes Broderick presents a compelling thesis that these motifs in particular the image of the horned Moses have a Hellenistic Egyptian origin He argues that the visual construct of Moses in the Old English Hexateuch may have been based on a Late Antique no longer extant prototype influenced by works of Hellenistic Egyptian Jewish exegetes who ascribed to Moses the characteristics of an Egyptian Hellenistic king military commander priest prophet and scribe These Jewish writings were utilized in turn by early Christian apologists such as Clement of Alexandria and Eusebius of Caesarea Broderick's analysis of this Moses imagery ranges widely across religious divides art historical religious themes and classical and early Jewish and Christian sources Herbert Broderick is one of the foremost historians in the field of Anglo Saxon art with a primary focus on Old Testament iconography Readers with interests in the history of medieval manuscript illustration art history and early Jewish and Christian apologetics will find much of interest in this profusely illustrated study

[Making Sense of the Old Testament](#) Ronald V. Evans, 2018-08-15 Have you read the Old Testament all thirty nine books from Genesis to Malachi If you have you know the challenge The language is archaic with unfamiliar names and places It is not an easy book to read To make sense of these texts I have focused on the narrative of the Jewish people from Adam and Eve to Daniel in the lion's den I have summarized these documents chronologically in their context of Near Eastern History As you read my commentaries you will find the narrative to be much more than ancient history It is an amazing story of resilience and survival that sheds light on the subsequent persecution of the Jews from Roman times to the present I invite you to critique what I have researched as you draw your own conclusions I have added supplementary information at the end of the book which I think you will find relevant and interesting These addenda include the geological clocks which measure the age of the earth DNA evidence of Homo sapiens migrating out of Africa an analysis of the story of Noah and the ark three moral codes older than the Ten Commandments and biblical archaeological discoveries

Uses and Abuses of Moses Theodore Ziolkowski, 2016-03-15 In *Uses and Abuses of Moses* Theodore Ziolkowski surveys the major literary treatments of the biblical figure of Moses since the Enlightenment Beginning with the influential treatments by Schiller and Goethe for whom Moses was respectively a member of a mystery cult and a violent murderer Ziolkowski examines an impressive array of dramas poems operas novels and films

to show the many ways in which the charismatic figure of Moses has been exploited the uses and abuses of the title to serve a variety of ideological and cultural purposes Ziolkowski's wide ranging and in depth study compares and analyzes the attempts by nearly one hundred writers to fill in the gaps in the biblical account of Moses life and to explain his motivation as a leader lawgiver and prophet As Ziolkowski richly demonstrates Moses image has been affected by historical factors such as the Egyptomania of the 1820s the revolutionary movements of the mid nineteenth century the early move toward black liberation in the United States and critical biblical scholarship of the late nineteenth century before in the twentieth century being appropriated by Marxists Socialists Nazis and Freudians The majority of the works studied are by Austro German and Anglo American writers but Ziolkowski also includes significant examples of works from Hungary Sweden Norway the Ukraine Denmark the Netherlands Italy and France The figure of Moses becomes an animate seismograph in Ziolkowski's words through whose literary reception we can trace many of the shifts in the cultural landscape of the past two centuries

Faraoni Ebrei Nel nome della Divina Madre Celestino Vescera, Da diversi anni si giunti a ritenere che l'Antico Testamento sia stato scritto non da un solo uomo che si riteneva dovesse essere stato Mos che doveva essere stato un testimone dei fatti da lui descritti ma che la Sua compilazione sia avvenuta secoli dopo gli avvenimenti narrati da una scuola di pensiero all'interno della Chiesa primitiva ebraica Successivamente i risultati delle ricerche archeologiche confortate delle datazioni al radiocarbonio hanno dimostrato che fosse necessaria una riscrittura della storia d'Israele riscrittura che comunque non incrinava la tesi che uno stato d'Israele potente e unitario fosse realmente esistito sotto Davide e Salomone e che fosse realmente esistito un Primo Tempio Ma la più recente critica mette in dubbio anche il concetto stesso di regno unito mettendo così in crisi il racconto biblico negando anche un collegamento tra i regni Israele e ai tempi della loro nascita Ma l'autore dopo una lunga ricerca ed in base a quanto da lui rilevato ipotizza che questo non sia corretto in quanto ai tempi dei re Davide e Salomone esisteva effettivamente un potente regno di Giuda ma che non risiedeva a Gerusalemme così come Salomone fece costruire un monumentale Tempio ma sempre non a Gerusalemme L'autore ritiene che questi due re vissero e regnarono in Egitto e che come i loro antenati Patriarchi fossero dei faraoni appartenenti al potente impero Hyksos che fondarono la XV dinastia ed anche la XXII entrambe governate da sovrani appartenevano alla discendenza di Terach il padre di Abramo Questi importanti personaggi che infine riuscirono ad impadronirsi del potere in Egitto dovevano già avere conquistato un vasto territorio che andava dalla Mesopotamia al fiume Nilo comprendenti anche il regno di Edom in Transgiordania dove governarono Seir che corrispondeva ad Abramo il figlio Ismaele ed Esa che ereditò il trono prendendo in sposa una figlia di Ismaele che portava una titolatura che comprendeva Maaca Bashemat **The Gospels Behind the Gospels** Robert M. Price, 2023-02-23 What if we have been missing a whole stage of how the canonical gospels came to be What if there were a whole raft of prior Jesus narratives whether written or oral the fragmentary vestiges of which now appear in Matthew Mark Luke and John This would explain why these gospels seem over crowded with incompatible

understandings of Jesus Christologies In The Gospels Behind the Gospels innovative biblical scholar Robert M Price attempts to reassemble the puzzle pieces disclosing several earlier gospels of communities who imagined Jesus as the predicted return of the prophet Elijah the Samaritan Taheb a second Moses a resurrected John the Baptist a theophany of Yahweh a Gnostic Revealer a Zealot revolutionary etc As these various sects shrank and collapsed their remaining followers would have come together just as modern churches and denominations seek to survive by merging and consolidating Our canonical gospels might be the result Similarly Price explores the possibility that Paul Apollos Cephas and Christ listed as if on a par in 1 Corinthians 1 12 were originally figureheads of rival sects who eventually merged in much the same way You will never read the gospels the same way again

The Devil's Advocate versus God's Honest Truth Necip Fikri Alican, 2025-02-27 The Devil's Advocate versus God's Honest Truth is a scholarly monograph exploring the rationality of religion particularly the tenability of theism through a dialectical analysis of plausible arguments for the existence of God versus reasonable grounds for suspicion It offers a comprehensive and balanced coverage of the issues inviting readers to reflect and ponder the subject in its full scope The book thus makes up for the missing objectivity in an area that has long been dominated by sectarian scholarship and polarized beyond reconciliation

Black Christology and the Quest for Authenticity John H. McClendon III, 2019-05-03 Black Christology and the Quest for Authenticity A Philosophical Appraisal constitutes a philosophical inquiry on Black Theology and its attendant Black Christology Explicitly the philosophical examination of Black Theology conceptually maps its quest for establishing Black Christology as an authentic form within Christian theology This text critically expounds on the methodologies and arguments which guide how Black Theology specifically affirms Black Christology as the definitive paradigm for authentic Christianity Significantly the racialized character of Black Theology immediately sets this discourse within the context of philosophy of race Clearly the philosophy of race in terms of its substance and scope is continually expanding Notably the philosophy of religion in its conceptual association with the African American experience considerably enriches the content of the philosophy of race Therefore Black Christology and the Quest for Authenticity A Philosophical Appraisal stands as a unique contribution to philosophy of race Summarily while this book tackles the formidable problem of Christian theological subject matter nonetheless the reader must be aware that this is not a work executed methodologically in any theological manner inclusive of Christian theology Subsequently while the object of our investigation substantively remains theological in character the method of investigation is guided by philosophical inquiry which is based on secular principles Furthermore although most mainstream works in philosophy of religion along with theology neglect to examine African American theologians and philosophers the subject matter of Black Christology substantially facilitates in filling this intellectual void
