Diary of a Minecraft Noob Steve Book 1 M. C. Steve, M. C. Alex, Noob Steve Paperback, Diary Wimpy Series, Wimpy Books, 2016-07-28 For the past five months, rural parts of the world have been breaking out in spontaneous fires. These mysterious fires, which no one has been able to identify the cause of, have begun to displace residents of the Deep Forests who now seek refuge in the nearby city. The city of Stone Towers grants entry to refugees of the mysterious fires only if they can prove they are skilled enough to work in one of the city's professional vocations: crafting, farming, mining, or defense. When our main character, Steve the Noob, arrives at the city gates, they don't ask him where he is from. They don't even know his name. They place him in a detainment cell and tell him he will perform his evaluations tomorrow to prove he is worthy enough to start building a new life as a servant of the Stone Towers government. Over the next 30 days, Steve the Noob will have to learn new skills to ultimately save the entire city. Disclaimer: This book is a work of fanfiction; it is not an official Minecraft book. The Microgenre Anne H. Stevens, Molly C. O'Donnell, 2020-01-23 Everybody knows and maybe even loves a microgenre Plague romances and mommy memoirs Nudie cutie movies Nazi zombies and dinosaur erotica Baby burlesks Minecraft fiction grindcore premature ejaculation poetry microgenres come in all varieties and turn up in every form of media under the sun tailor made for enthusiasts of all walks of life Coming into use in the last decade or so the term microgenre classifies increasingly niche marketed worlds in popular music fiction television and the Internet Netflix has recently highlighted our fascination with the ultra niche genre with

hilariously specific classifications independent supernatural dramedy featuring a strong female lead that can sometimes hit a little too close to home Each contribution in this collection introduces readers to a different microgenre drawn from a range of historical periods and from a variety of media The Microgenre presents a previously untreated point of cultural curiosity revealing the profound truth that humanity's desire to classify is often only matched by the unsustainability of the obscure and hyper specific It also affirms in colorful detail what most people suspect but have trouble fathoming in an increasingly homogenized and commercial West that imaginative projects are just that imaginative diverse and sometimes completely and hilariously inexplicable
