Diasporas Of The Modern Middle East Contextualising Community:

Diasporas of the Modern Middle East Anthony Gorman, 2015-05-29 Approaching the Middle East through the lens of Diaspora Studies the 11 detailed case studies in this volume explore the experiences of different diasporic groups in and of the region and look at the changing conceptions and practice of diaspora in the Diasporas of the Modern Middle East Anthony Gorman, 2015-05-29 Approaching the Middle East through the lens of Diaspora Studies the 11 detailed case studies in this volume explore the experiences of different diasporic groups in and of the region and look at the changing conceptions and practice of diaspora in the context of the modern Middle East *Routledge Handbook on Middle Eastern Diasporas* Dalia Abdelhady, Ramy Aly, 2022-08-08 Bringing together different strands of research on Middle Eastern diasporas the *Routledge Handbook on Middle Eastern Diasporas* sheds light on diverse approaches to investigating diaspora groups in different national contexts Asking how diasporans forge connections and means of belonging the analyses provided turn the reader's gaze to the multiple forms of belonging to both peoples and places Rather than seeing diasporans as marginalised groups of people longing to return to a homeland analyses in this volume demonstrate that Middle East diasporans like other diasporas and citizens alike are people who respond to major social change and transformations Those we count as Middle Eastern diasporans both in the region and beyond contribute to transnational social spaces and new forms of cultural expressions Chapters included cover how diasporas have been formed the ways that diasporans make and remake homes the expressive terrains where diasporas are contested how class livelihoods and mobility inflect diasporic practices the emergence of diasporic sensibilities and finally scholarship that draws our attention to the plurilocality of Middle Eastern diasporas Offering a rich compilation of case studies this book will appeal to students of Middle Eastern Studies International Relations and Sociology as well as being of interest to policymakers government departments and NGOs Armenians Beyond Diaspora Tsolin Nalbantian, 2019-12-05 **Routledge Handbook of Minorities in the Middle East** Paul S Rowe, 2018-09-20 The *Routledge Handbook of Minorities in the Middle East* gathers a diverse team of international scholars each of whom provides unique expertise into the status and prospects of minority populations in the region The dramatic events of the past decade from the Arab Spring protests to the rise of the Islamic state have brought the status of these populations onto centre stage The overturn of various long term autocratic governments in states such as Tunisia Egypt Libya and Yemen and the ongoing threat to government stability in Syria Iraq and Lebanon have all contributed to a new assertion of majoritarian politics amid demands for democratization and regime change In the midst of the dramatic changes and latent armed conflict minority populations have been targeted marginalized and victimized Calls for social and political change have led many to contemplate the ways in which citizenship and governance may be changed to accommodate minorities or indeed if such change is possible At a time when the survival of minority populations and the utility of the label minority has been challenged this handbook answers the following set of research questions What are the unique challenges

of minority populations in the Middle East How do minority populations integrate into their host societies both as a function of their own internal choices and as a response to majoritarian consensus on their status Finally given their inherent challenges and the vast sweeping changes that have taken place in the region over the past decade what is the future of these minority populations What impact have minority populations had on their societies and to what extent will they remain prominent actors in their respective settings This handbook presents leading edge research on a wide variety of religious ethnic and other minority populations By reclaiming the notion of minorities in Middle Eastern settings we seek to highlight the agency of minority communities in defining their past present and future *The Armenian Diaspora and Stateless Power* Talar Chahinian, Sossie Kasbarian, Tsolin Nalbantian, 2023-11-02 From genocide forced displacement and emigration to the gradual establishment of sedentary and rooted global communities how has the Armenian diaspora formed and maintained a sense of collective identity This book explores the richness and magnitude of the Armenian experience through the 20th century to examine how Armenian diaspora elites and their institutions emerged in the post genocide period and used stateless power to compose forms of social discipline Historians cultural theorists literary critics sociologists political scientists and anthropologists explore how national and transnational institutions were built in far flung sites from Istanbul Aleppo Beirut and Jerusalem to Paris Los Angeles and the American mid west Exploring literary and cultural production as well as the role of religious institutions the book probes the history and experience of the Armenian diaspora through the long 20th century from the role of the fin de siècle migr Armenian press to the experience of Syrian Armenian asylum seekers in the 21st century It shows that a diaspora's statelessness can not only be evidence of its power but also how this stateless power acts as an alternative and complement to the nation state *Routledge Handbook of International Relations in the Middle East* Shahram Akbarzadeh, 2019-03-26 This handbook examines the regional and international dynamics of the Middle East It challenges the state society dichotomy to make sense of decision making and behavior by ruling regimes The 33 chapter authors include the world's leading scholars of the Middle East and International Relations IR in order to make sense of the region This synthesis of area studies expertise and IR theory provides a unique and rigorous account of the region's current dynamics which have reached a crisis point since the beginning of the Arab Spring The Middle East has been characterized by volatility for more than a century Although the region attracts significant scholarly interest IR theory has rarely been used as a tool to understand events The constructivist approach in IR highlights the significance of state identity shaped by history and culture in making sense of international relations The authors of this volume consider how IR theory can elucidate the patterns and principles that shape the region in order to provide a rigorous account of the contemporary challenges of the Middle East The Routledge Handbook of International Relations in the Middle East provides comprehensive coverage of International Relations issues in the region Thus it offers key resources for researchers and students interested in International Relations and the Middle East **Press in the Middle East and North Africa, 1850-1950** Anthony

Gorman,2018-04-30 A dynamic scholarly engagement with Susanne Bier s work Lives Between The Lines Michael Vatikiotis,2021-08-05 In Lives Between the Lines Michael Vatikiotis traces the journey of his Greek and Italian forebears from Tuscany Crete Hydra and Rhodes as they made their way to Egypt and the coast of Palestine in search of opportunity In the process he reveals a period where the Middle East was a place of ethnic and cultural harmony where Arabs and Jews rubbed shoulders in bazaars and teashops intermarried and shared family history While lines were eventually drawn and people including Vatikiotis s family found themselves caught between clashing faiths contested identities and violent conflict this intimate and sweeping memoir is a paean to tolerance offering a nuanced understanding of the lost Levant The Greeks and the Making of Modern Egypt Alexander Kitroeff,2019-03-22 The magnificent Robert L Tignor Princeton University story of the Greeks in Egypt from Muhammad Ali to Nasser From the early nineteenth century through to the 1960s the Greeks formed the largest most economically powerful and geographically and socially diverse of all European communities in Egypt Although they benefited from the privileges extended to foreigners and the control exercised by Britain they claimed nonetheless to enjoy a special relationship with Egypt and the Egyptians and saw themselves as contributors to the country s modernization The Greeks and the Making of Modern Egypt is the first account of the modern Greek presence in Egypt from its beginnings during the era of Muhammad Ali to its final days under Nasser It casts a critical eye on the reality and myths surrounding the complex and ubiquitous Greek community in Egypt by examining the Greeks legal status their relations with the country s rulers their interactions with both elite and ordinary Egyptians their economic activities their contacts with foreign communities their ties to their Greek homeland and their community life which included a rich and celebrated literary culture Alexander Kitroeff suggests that although the Greeks self image as contributors to Egypt s development is exaggerated there were ways in which they functioned as agents of modernity albeit from a privileged and protected position While they never gained the acceptance they sought the Greeks developed an intense and nostalgic love affair with Egypt after their forced departure in the 1950s and 1960s and resettlement in Greece and farther afield

This is likewise one of the factors by obtaining the soft documents of this **Diasporas Of The Modern Middle East Contextualising Community** by online. You might not require more grow old to spend to go to the books introduction as well as search for them.
