Community Stewardship Ndeh Sanjou-Tadzong, 2021-10-01 Ours is a world that is constituted and reinvented through the personal and shared stories we tell In the spirit and understanding that each and every one of us however big or small has a story to tell I am pleased to share with you this modest account of myself who rose from very humble beginnings into community stewardship It is only one story from one vantage point which I hope will contribute to the dynamism and quest for recreation in eternity that makes our world what it is a melting pot of experiences My idea is to expose and share my personal experience with others and hopefully leave them with a thing or two to take along in their own life journeys This approach is a school from where people s minds are tickled with new ideas and sooner or later develop their intellectual and human capacities as caring and sharing beings Through the story of my life I want to create an awareness for people to stay focused on some basic principles or virtues of life such as belief and faith in the forces big and small that shape our affairs in ways we can only marvel at The story is also an invitation to cherish virtues such as hard work honesty empathy justice love and respect trust confidence transparency and accountability These virtues are indispensable for in our quest and commitment to peaceful coexistence and to unity in our creative diversity as humans of various races and cultures Let us accept and emulate shining examples Let s reject all forms of animosity hatred jealousy greed blackmail corruption embezzlement but bow down in reverence to all that is noble good and accepted by all and sundry This in essence is my modest message in Community Stewardship
