Keating David Steindl Rast A T Ariyaratne and Joanna Macy BOOK JACKET **Understanding New Perspectives of Spirituality** Edie Lanphar, Agata Wilczek, 2019-01-04 This volume was first published by Inter Disciplinary Press in 2015 This book deals with the rapidly developing field of spirituality Although having a singularity of focus the chapters have been written by a cross cultural and international set of researchers who discuss critical issues from an interdisciplinary perspective Thus while a broad range of critical aspects emerge the chapters are threaded together by the concept of spirituality as a lone walk While alone the spiritual journey is also deeply connected to others As a deeply human experience the chapters in this book therefore reflect the prismatic viewpoints that form the understandings and experiences of the spiritual walk This book challenges the reader to start to understand the apparent ambiguity this appears to bring to researchers and practitioners Rather than a roadblock to understanding the multiple frames and facets this brings it is instead a rich field for the exploration of the human condition **Letting Go, Finding You** Hunter Mobley, 2025-05-13

Rethink everything you believe about yourself because of your Enneagram number and embrace the virtues of your type Hunter Mobley has been an Enneagram teacher for years working with people who have read all the books and completed all the programs only to find they are still getting caught in the same patterns of behavior Too many of us are stuck on the treadmill of consumer spirituality clinging to the illusion that we are in charge of our own spiritual growth and development But the path of true transformation according to Mobley isn't in doing more but in doing less in letting go of control and adopting a contemplative posture that will naturally lead us to our true self The key to unlocking this contemplative path is in understanding a fundamental but often missed aspect of Enneagram teaching the Enneagram virtues Most of us focus our Enneagram work on trying to overcome the passion of our Enneagram number Sometimes referred to as the sin this is the expression of our personality that habitually gets us into trouble and blocks us from growth The lesser known virtues on the other hand describe the God image in us and are the best articulations of our true selves The Enneagram mystery hiding in plain sight is that how we have come to know ourselves reflected by our passion is the opposite of who we truly are which is reflected by our virtue We don't have to struggle against our passion we can simply let go and embrace the virtue that has always been at our center Letting Go Finding You will show how a contemplative spiritual path informed by the Enneagram will allow you to finally stop striving after false promises and start surrendering to the truest version of yourself
