Cyber Shadows Power Crime And Hacking Everyone:

Cyber Shadows Carolyn Nordstrom, Lisa Carlson, 2014-03-27 Cyber Shadows is a tour de horizon of the digital world's dark places the threats and innovations in cybercrime espionage and surveillance and new attacks moving beyond identity theft to hacking our behavioral patterns brains and DNA to buy and sell as lucrative business The implications are staggering from coercion to the end of the sovereign self Drug Trafficking and International Security Paul Rexton Kan, 2016-07-18

Global drug trafficking intersects with a vast array of international security issues ranging from war and terrorism to migration and state stability More than just another item on the international security agenda drug trafficking in fact exacerbates threats to national and international security In this light the book argues that global drug trafficking should not be treated as one international security issue among many Rather due to the unique nature of the trade illegal drugs have made key threats to national and international security more complex durable and acute Drug trafficking therefore makes traditional understandings of international security inadequate Each chapter examines how drug trafficking affects a particular security issue such as rogue nations weak and failing states protracted intrastate conflicts terrorism transnational crime public health and cyber security While some texts see drug trafficking as an international threat in itself others place it under the topic of transnational organized crime arguing that the threats emanate from criminal groups This book on the other hand provides a thorough understanding of how a vast array of threats to international security are exacerbated by drug trafficking **Technocrime and Criminological Theory** Kevin Steinmetz, Matt R. Nobles, 2017-09-22 Cybercrime

computer crime Internet crime and technosecurity have been of increasing concern to citizens corporations and governments since their emergence in the 1980s Addressing both the conventional and radical theories underlying this emerging criminological trend including feminist theory social learning theory and postmodernism this text paves the way for those who seek to tackle the most pertinent areas in technocrime Technocrime and Criminological Theory challenges readers to confront the conflicts gaps and questions faced by both scholars and practitioners in the field This book serves as an ideal primer for scholars beginning to study technocrime or as a companion for graduate level courses in technocrime or deviance studies A Companion to the Anthropology of Death Antonius C. G. M. Robben, 2018-05-11 A thought provoking

examination of death dying and the afterlife Prominent scholars present their most recent work about mortuary rituals grief and mourning genocide cyclical processes of life and death biomedical developments and the materiality of human corpses in this unique and illuminating book Interrogating our most common practices surrounding death the authors ask such questions as How does the state wrest away control over the dead from bereaved relatives Why do many mourners refuse to cut their emotional ties to the dead and nurture lasting bonds Is death a final condition or can human remains acquire agency The book is a refreshing reassessment of these issues and practices a source of theoretical inspiration in the study of death With contributions written by an international team of experts in their fields A Companion to the Anthropology of Death is

presented in six parts and covers such subjects as Governing the Dead in Guatemala After Death Communications ADCs in North America Cryonic Suspension in the Secular Age Blood and Organ Donation in China The Fragility of Biomedicine and more A Companion to the Anthropology of Death is a comprehensive and accessible volume and an ideal resource for senior undergraduate and graduate students in courses such as Anthropology of Death Medical Anthropology Anthropology of Violence Anthropology of the Body and Political Anthropology Written by leading international scholars in their fields A comprehensive survey of the most recent empirical research in the anthropology of death A fundamental critique of the early 20th century founding fathers of the anthropology of death Cross cultural texts from tribal and industrial societies The collection is of interest to anyone concerned with the consequences of the state and massive violence on life and death

Light in Dark Times Alisse Waterston,2020-09-17 At once historical and allegorical Light in Dark Times is an illustrated ride crossing time space and place as the characters walk a difficult path while grasping a lifeline of hope on a journey through knowledge **Crime, Bodies and Space** Miriam Tedeschi,2019-12-12 With cities increasingly following rigid rules for designing out crime and producing spaces under surveillance this book asks how information shapes bodies space and ultimately policymaking In recent years public spaces have changed in Western countries with the urban realm becoming an ever more monitored privatised homogeneous and aseptic space that has lost its character uniqueness and diversity in the name of security This underpins precise moral and political choices in terms of what a space should be how it can be used and by whom These choices generate material consequences concerning urban inequality and freedom or otherwise of movement Based on ethnographic and autoethnographic explorations in London s criminal spaces this book illustrates how rules policies and moral values far from being abstract concepts are in fact material Outlining the basis of a new urban information ethics the book both exposes and challenges how moral values and predefined categories are applied to and materially shape the movement of bodies in urban space with regard to crime and security policies Drawing on Gilbert Simondon s information theory and a wide range of work in urban studies geography and planning as well as in surveillance studies object oriented ontology and contemporary theoretical work on both materiality and affect the book provides a radically new perspective on urban space in general and crime and security in particular This book uses a balanced mix of theoretical concepts and empirical study to bring theory and practice together in an intertwining of ethnography and autoethnography This book will be of interest to students and scholars in the fields of urban studies urban geography sociology surveillance studies legal theory socio legal studies planning law environmental law and land law **Undercover Shadows** Barrett Williams,ChatGPT,2025-03-04 Undercover Shadows Unveil the Invisible Game of Espionage Step into the hidden world of espionage with Undercover Shadows where secrets shape destinies and unseen forces move the levers of power This compelling eBook takes you on an electrifying journey through the shadowy corridors where spies operate revealing the intricate dance of deception danger and intrigue Embark on a historical journey with Chapter 1 where the
