**Damn! a Book of Calumny** H. L. Mencken, 2014-02-16 The average man is far too stupid to make a joke He may see a joke and love a joke particularly when it floors and flabbergasts some person he dislikes but the only way he can himself take part in the priming and pointing of a new one is by acting as its target In brief his personal contact with humor tends to fill him with an accumulated sense of disadvantage of pricked complacency of sudden and crushing defeat and so by an easy psychological process he is led into the idea that the thing itself is incompatible with true dignity of character and intellect Hence his deep suspicion of jokers however adept their thrusts What a damned fool this same half pitying tribute he pays to wit and butt alike He cannot separate the virtuoso of comedy from his general concept of comedy itself and that concept is inextricably mingled with memories of foul ambushes and mortifying hurts And so it is not often that he is willing to admit any wisdom in a humorist or to condone frivolity in a sage
