Dilemmas Of Desire Dilemmas Of Desire:

Dilemmas of Desire Deborah L. TOLMAN, Deborah L Tolman, 2009-06-30 Be sexy but not sexual Don't be a prude but don't be a slut These are the cultural messages that barrage teenage girls In movies and magazines in music and advice columns girls are portrayed as the object or the victim of someone else's desire but virtually never as someone with acceptable sexual feelings of her own What teenage girls make of these contradictory messages and what they make of their awakening sexuality so distant from and yet so susceptible to cultural stereotypes emerges for the first time in frank and complex fashion in Deborah Tolman's *Dilemmas of Desire* A unique look into the world of adolescent sexuality this book offers an intimate and often disturbing sometimes inspiring picture of how teenage girls experience understand and respond to their sexual feelings and of how society mediates shapes and distorts this experience In extensive interviews we listen as actual adolescent girls both urban and suburban speak candidly of their curiosity and confusion their pleasure and disappointment their fears defiance or capitulation in the face of a seemingly imperishable double standard that smiles upon burgeoning sexuality in boys yet frowns even panics at its equivalent in girls As a vivid evocation of girls negotiating some of the most vexing issues of adolescence and as a thoughtful richly informed examination of the dilemmas these girls face this readable and revealing book begins the critical work of understanding the sexuality of young women in all its personal social and emotional significance

Of Desires, Dilemmas and Divinity Prachi Joshi Johar, 2016-11-21 Gentle breezes of dreams gales of lust and storms of predicament blow across the black dottings on white throughout this collection And all of them irrespective of their strength of intensity shall fan the soul to find a resonance with each beating heart It is a soliloquy of unfulfilled passion and an uninhibited celebration of the tossing of human mind in all its nebulous glory This work is a journey of seeking and satiation of inertia and its imploding of lust and love of the monotonous turned mystical and most importantly of a human in search of the self

Moral Dilemmas Daniel Statman, 2021-11-15 Moral dilemmas set a challenge for ethical

theory They are situations where agents seem to be under an obligation both to do and to refrain from doing a specific act Are such situations possible What is their exact nature These are the questions that Moral Dilemmas tries to answer The book argues that moral theories should not allow for the possibility of irresolvable dilemmas for situations in which no right answer exists To this end arguments seeking to prove the existence of irresolvable dilemmas especially the argument from the incommensurability of values are discussed at length and refuted The book shows that though on the normative level dilemmas are resolved they typically involve a high moral cost for which there is no adequate compensation This moral cost is the source of the regret and pain suffered by agents in moral dilemmas Thus moral dilemmas do not point to any inconsistency in our moral reasoning or theory but to a problematic aspect of the human condition at times probably less often than is usually believed human beings are justified and even required to dirty their hands by behaving in ways that in ordinary situations would be strictly forbidden and condemned
